Christmas Dance Royalty Crowned

The annual Christmas dance, sponsored by the Student Council, was held in the gym last Wednesday night from 8 to 12. The gym was beautifully decorated with evergreen and red green and silver streamers. Tables placed around the dance floor were decorated with evergreen center pieces. A Christmas tree was placed on one side of the gym.

Music for the first part of the evening was furnished by the high school dance band. Records were used the remainder of the dance. The highlight of the evening was the crowning of the queen and king.

Mr. Robinson crowned Carol Ann Gruhn and Larry Kasperbauer Christmas queen and king. Attendants were Beverly Brus and Lowell Stribe, Lois Anthony and Lyle Frahm and Doris Christensen and Paul Vollstedt.

Entertainment was provided by the boys' quartet and cake walks were put on throughout the evening. Later in the evening Santa Claus distributed the gifts. A large number of both students and alumni were present. All in all, everyone had a wonderful time and agreed that this was a very good way to start Christmas vacation.

ALUMNI IN THE NEWS AT ISC COLLEGE

Marilyn Popp, a 1950 graduate, and Gene Wiese, a 1947 graduate of Manning High School, figured in outstanding achievements at Iowa State college recently.

Marilyn, an ISC sophomore, was a member of the cast in the stage production, "The Madwoman of Chaillot." The Iowa State players presented this production three consecutive nights - November first, second and third. Marilyn played a major role as Madame Constance, one of the four Mad Women. The play was in rehearsal only five weeks which is considered a comparatively short time for a play of this type. The production, when presented, shattered all previous attendance records of Iowa State college plays.

Gene Wiese, a senior at ISC, was one of the members of the Iowa State dairy cattle judging team which won first place at the top dairy exposition in the nation; The National Dairy Cattle Congress, held in Waterloo in October. Thirty-one teams competed. This was the largest number ever to enter this intercollegiate contest.

Gene was high individual and also placed first on reasons. By virtue of his individual ranking, Gene was awarded the \$500.00 Kildee scholarship. By Patty Kasperbauer.

MANNING VS. GLIDDEN

The Bulldogs lost a hard-fought contest Wednesday evening to Glidden by a score of 19-14. The first quarter was scoreless, but in the second quarter Glidden pushed one over and kicked the extra point to lead at the end of the half, 7-0. Manning came back to score twice in the third quarter. A pass from Roger Vollstedt to Gary Nady connected for the first touchdown by Manning. Dick Zerwas ran for the second one. Deanes Rowedder kicked the two extra points. In the same quarter, Glidden scored a touchdown. Manning led at the end of the third quarter 14-13. Glidden pushed over the final touchdown of the game in the fourth quarter to win 19-14.

QUESTION OF THE WEEK

What is the highlight of the school year? Why?

Lois Struve: The junior-senior banquet because it shows a lot of hard work on the part of the juniors. I'm sure all of the seniors will appreciate it and will enjoy themselves very much.

Donna Spies: The junior-senior banquet because it takes a lot of hard work in preparing it and everyone appreciates it and has a good time.

Phyllis Zerwas: I think the junior-senior banquet, as this will be my first one.

Merlin Ramsey: A highlight to me is passing my semester tests, and looking forward to the junior-senior banquet and the basketball tournaments.

Roger Nielsen: You never can tell, but I suppose a highlight will be the basketball tournaments and the junior-senior banquet.

Richard Rix: To me the starting of the state basketball tournament. Because it is exciting, always wanting to go all the way. I hope we do.

Claus Bunz: I suppose the junior-senior banquet, basketball tournaments and semester tests since a lot of things depend on them.

Betty Stuhr: I think the junior-senior banquet, since we will be giving it and it will be my first one.

Skit Given at Pep Meeting

The weekly pep meeting was held Wednesday afternoon prior to the Glidden game. Cheerleaders led several yells and a skit was presented by Rosemary Bock, Roger Nielsen, Patty Kasperbauer and Deanes Rowedder. The skit had been prepared in speech class. Marlene Nulle gave a humorous reading, Allen Jensen gave a talk on behalf of the team and the cheerleaders led some more yells. The meeting was concluded with the singing of the "Loyalty."

STATE CONVENTION

The state teachers' convention was held at Des Moines Thursday, Friday and Saturday of last week. Manning schools were dismissed Friday so the teachers could attend the convention. Many of the teachers attended interesting meetings and had a profitable day in Des Moines.

SUPER SNOOPER

What train were you waiting for at the Great Western depot Sunday night, Mardel Bonnesen??

Who's Cleone Schroeder's freshman interest???

Lois Struve, I'll bet after that Glidden game incident you will be more careful into which room you walk!!!

It seems that Bobby Grundmeier and Lois Anthony have a "reserved seat" on the school bus, is that so, kids???

Patty Kasperbauer, you will just have to get in earlier at night, if you don't want the poor bus driver getting gray hair waiting for you!!!

How's skating in Denison on Thursday nights, Lois Nissen? It isn't as bad as Friday morning, I'll bet!!

I wonder what Miss Myra Hamann has heard about Louise Mohr's parties? The grin on her face revealed she knew something!!

This is super snooper signing off. I must run and hide now, (you can understand why)!!! See you next week!!

TEEN CHATTER

Merlene Thompson: "The butter in this boarding house is so strong it can walk right over to the coffee and say: "How do you do?"

Bill Jensen: "Yes, but the coffee is too weak to answer."

The stage manager called to the new man working there and said "Now then, we're all ready. Run up the curtain."

"What are you talking about - run up the curtain - think I'm a bloomin' squirrel?" the man replied.

Conceited football player, after a long and boring talk about how wonderful he was sure he was: "But enough about me, old man. Let's talk about you. Tell me - how do you think I played that last game?"

Mr. Bogatzke, looking suspiciously at the dessert his daughter had whipped up: "What's this?"

Marlene: "It's cottage pudding. We learned how to make it at school today."

Mr. Bogatzke. "Well, I think I got a piece of shingle in my mouth."

INTRODUCING

Robert and Richard Boell, the blue-eyed, brown-haired eighteen year old twin sons of Mr. and Mrs. Paul Boell, have all the characteristics of identical twins except Robert is a little taller. Robert is five feet nine and one-half inches tall, and Richard is five feet six inches tall.

The brothers are taking the agriculture course and agriculture is their favorite subject. The boys have been active in 4-H and FFA work for four years. In FFA Robert was Assistant-Treasurer in his sophomore year. During his junior year he was Sergeant-at-Arms and this year he is Assistant-Treasurer. Richard was Assistant-Treasurer in his sophomore year and this year he is Sergeant-at-Arms. Their hobby is feeding and grooming their 4-H and FFA calves and pigs.

Both Richard and Robert enjoy basketball as their favorite sport because it is played indoors. They also enjoy roller-skating as a recreation.

Their present plans are to continue with farm work after graduation next spring. We know that Robert and Richard will do their best in whatever work they may choose.

Incidentally, when Robert and Richard receive their diplomas next spring they will be the first twins to graduate from Manning High for quite some time. The last twins to graduate from MHS were Evelyn and Dorothy Voss in 1927.

LOST AND FOUND DEPARTMENT ORGANIZED

Due to the many articles lost and found around school by the students, the Student Council decided to organize a Lost and Found Department. Articles everything imaginable that are laying around the school are put into the department.

When a student claims his article, it costs him a nickel. The nickel is put into the Council's treasury. However, if the articles are not claimed within a definite length of time they are automatically destroyed. By Joyce Stuhr.

Meet Florence Hammer, it 5'4" blonde with green eyes. She is taking the general course and chose typing as her favorite subject. She says it will help her after graduation. Incidentally, she has the highest speed of all senior typists. Her speed is 50 words per minute in a 10-minute writing. She has attained higher speeds in one minute writings.

Florence has been a very active band member for six years. She has entered baton twirling contests and rated highly. Florence has been in mixed chorus for four years and a girls' glee club for four years. She has also been a pep squad member for three years.

As pastimes, she prefers skating, movies and dancing. Florence enjoys basketball more than any other sport. She likes it because it is easier to understand and it is played indoors. The song "Because of You" ranks as her favorite.

Her plans after graduation are to work as a typist in an office. Good luck to you, Florence!

Woman: "It's so good of you, doctor, to come this far to see my husband."

Doctor: "Not at all. I have a patient next door, so I thought I'd just kill two birds with one stone."

Some kiss hot, some kiss cold. Some don't kiss, until they're told. Some kiss fast, Some kiss slow. Those that don't kiss, I don't know.

MOVIE SEEN BY STUDENTS

The grade, junior high and high school science classes went to the movie, "Nature's Half Acre" Thursday afternoon. A special matinee was presented for the students. The science teachers, grade and junior high teachers accompanied their pupils. The movie was about plants, and birds, as the name implies.

ISTC CHOIR ENTERTAINS

On March 27 at 10 a.m. the Iowa State Teachers college choir presented an excellent concert to the students of Manning. The choir, composed of 33 girls and 37 boys, is conducted by Maurice Gerow. The program was high lighted by Jane Mauck, contralto, who song several charming numbers and a boys' quartet which the students found quite amusing. The audience was delighted when the choir gave several encores, the last of which was "Drybones" with their own instrumental accompaniment. It was an enjoyable concert.

FEATURE STORY "CHEERLEADERS"

The editor of the Spotlight came up to me the other day and asked me if I would write an article on the cheerleaders. I didn't like to turn her down, but I just didn't know what to write about them either. Then the question came to me: "What would we do without cheerleaders?"

Just think, wouldn't it be difficult to have pep meetings and have the variety of yells that we have? How would we be able to keep together when yelling if it weren't for the cheerleaders leading us?

Would the people of Manning have had the enthusiasm they had all through the season if it weren't for the help given by the cheerleaders? If the game is going good and in our favor, naturally, everybody has enthusiasm but what happens as soon as it goes the other way? It is the cheerleaders' duty to keep up that spirit of loyalty and keep the boys fighting to the end. We all realize that was a pretty hard job to do in the finals of the sub-state tournament.

Well, girls, you all did a swell job this year in keeping things going and you really presented some spirited pep meetings.

We want to thank the cheerleaders for their wonderful leadership especially the seniors. Genelle Kruse, Lois Struve, and Marlene Nulle, who will be leaving us before the next season. We know that the rest of you, Dorothy Hammer, Mary Lou Foley, and Carol Ann Gruhn, will keep up the good work next year.

By Patty Kasperbauer

"What has gotten into Bob Hansen" is the question everybody has been asking. Maybe Betty Stuhr, Barbara Bauer, Cheral Andresen, and Ruth Schmidt could give all the information needed.

Just A Little Loving

Ruth Schmidt has been staying home so much lately that we haven't any new gossip about her. It seems that a while back Ruth was driving her car had

stopped. That wouldn't have been so bad but it was when she couldn't get started that the trouble began. Snoopy would let them use their own car, Ruth.

The Longest Mile

The girls' favorite month, June, is not very far off!

Snoopy ran count three or four possibilities among the M.H.S. girls. More power to you, girls!

Here Comes The Bride

Phyllis Genzen has all of David Muhlbauer's jewelry again. Does this mean you're going steady, Phyllis?

I Wonder?

Louise Mohr and Shirley Watson were seen talking to a big tall policeman in Carroll one Sunday night. We wonder if it was just a friendly chat.

Sunday Driving

Cheral Andresen and Barbara Bauer seem to like to eat late. What was that you had that Tuesday night, girls, an after midnight lunch?

Candy and Cake

Marlene Nulle and Joyce Stuhr have a good magazine that they have been reading. The name of it is "Brides."

Oh Promise Me

Everybody is wondering how the Donna Joens - Merlin Ramsey affair is coming. Do you care to tell us?

Third Man Theme

James Wingrove has exchanged that bracelet for a ring. It still looks like Audubon jewelry though.

It's been a Long Time

Glenn Branning finds Westside to be very interesting these days. What makes those girls special, Glenn?

You'll Never Know

We wonder how Mr. White likes his weekends in the country. Snow storms come at the oddest times.

Winter Wonderland

A traveling salesman taking his bride south on their honeymoon visited a hotel where he boasted of the fine honey served there.

Salesman (to colored waiter): "Sam, where's my honey?" Negro eyeing the woman cautiously): "Aw don't know boss. She don't work here no mo."

Personnel Manager "Why did you leave your last Job?"

Applicant: "Illness"

Personnel "What was the trouble?"

Applicant: "The manager was sick of me."

Patrolman: "You can't drive for two years - you're a danger by pedestrians."

Driver: "But my living depends on it."

Patrolman: "So does theirs."

Juniors Classes Are Reviewed

The junior and senior biology class is studying the enemies of food crops, such as insects and diseases. They are learning the life histories of the Insects in order to understand how they may be combated. Each student is required to prepare an essay of two hundred words or more describing a certain insect and its habits.

In American Literature, the juniors are learning about our early American authors and are reading selections from some of their books.

The bookkeeping class has been studying the five steps of the bookkeeping cycle. The students have just completed the last step and are now doing problems which review each of these steps. After the problems are completed, a test will be given covering it.

The junior girls, who are taking shorthand, have just begun to write their lessons. They are asked to read in class what they have written and later will do transcribing.

Typing is perhaps one of the subjects in which almost every junior student is interested. Those who are taking typing this year find it fun, but sometimes a little disgusting, especially when they have a hard budget with one day left to finish it in and with as a few errors as possible. In spite of using a lot of paper and a lot of time, typing will be one of our greatest assets both now and in the future.—By Joann Wilhelm.

Girls Make Second Breakfast

Wednesday morning the ninth grade Home Economics class prepared their second breakfast. It consisted of cinnamon toast, cocoa, and oranges fixed in many ways such as sliced in different arrangements or fixed as juice. One of the most outstanding was a basket made of a half an orange with orange slices around it. This was arranged by kitchen 4. Another one was sliced oranges with toast in the middle. MEET THE SENIORS

Milo Sander, a 5'6" senior with light brown hair and blue eyes is a new Manning high student who moved here from Audubon this fall and has already acquired "Sandy" as his nickname. He is taking the general course from which he has chosen advanced algebra as the subject that he likes best. He likes it, because it teaches students to think until they have solved a problem which gives them a feeling of accomplishment. Milo's favorite sport is football about which he says, "A football player is taught good sportsmanship and how to work with his fellow players. It is also an exceptionally Interesting game." After graduation he plans on working in his father's dry cleaning shop. Good luck in everything, Milo!

EDITORIAL

The civilized world of today is becoming more and more a world of specialists. This is no startling new fact but one which has become increasingly evident in the last few years. Gone forever are the people who were "jacks-of-all trades" and who gained considerable success in that fashion. Gone are the old time country stores which sold everything from harness to soda crackers. More and more we find that the individual must become an expert in one given line of work in order to be successful; and after all success in life is what we are all striving for. Whether a person decides to become an auto mechanic, a grocer, an electrician or a farmer, he still must specialize, that is he must choose his course and stick to it to the exclusion of many other things in which he might be interested.

In order to become a specialist, in order to succeed in his chosen course, each individual needs a knowledge. Knowledge, which will enable him to compete and competition is everywhere, with others who have chosen the same life course. Every person needs, probably more than anything else, to be able to speak and write his thoughts and ideas effectively. That is the reason why the schools offer twelve years of English In the elementary and high schools. So that he may have ideas worthy of expressing, each person needs to have a knowledge of history, economics, sociology, mathematics and the physical and biological sciences. No one ever thought or said anything without using some of his past experiences as a basis. That is another reason for schools. From kindergarten through college, schools work to give each individual person the benefit of as good a background as is possible. Sad is the plight of the person who never had the opportunity to go to school and sad is the person who had the opportunity but did not take advantage of it. Sadder yet is the person who went to school but did not make use of the opportunities offered there, for he is the person who has wasted a goodly portion of his life, doing nothing.

George H. Triplett, Faculty Member.

Wimpy Genzen: "I'm so hungry I could eat a horse."

Waitress: "You certainly came to the right place."

TEEN CHATTER

Coach Bill Steneker gets the limit when he goes pheasant hunting. How? If he can't shoot 'em, he runs 'em down.

Mr. Joe McGrath: "I understand you have gone in for writing. Have you sold anything?"

Dean Stribe: "Oh, yes. First the piano, then the radio, then the rugs."

Bill Opperman: after waiting a long time for Phyllis Musfeldt to get ready, called to her: "What's keeping you."

Phyllis: "Oh, stop fussing, I've been telling you for the last half hour, I'll be ready in a minute."

Nice girls don't run after men, but some can get up a fairly brisk trot.

For Sale: A mandolin, by a young lad in good condition, except for a loose peg in the head.

Dean Vollstedt, home from a baseball game: "Hey Dad, I pitched a no hitter today."

Mr. Vollstedt: "That's fine, son. What was the score?"

Dean: "We won 9 to 6."

Mr. Vollstedt: "How'd they get 6 runs without any hits?"

Dean: "Aw, those were homers."

Ardella Frahm: "I got up at dawn to see the sun rise."

Marilyn Popp: "Well, you couldn't have picked a better time."
