F.F.A. WINS HONORS

The Manning high school F.F.A. members made sure that their alarm clocks were wound last Friday evening, March 31; but their reason wasn't their chores the next morning. They went to Atlantic to the F.F.A. district contest.

The boys represented the Manning F.F.A. chapter in eight entries. Three books, the reporter's scrapbook, the secretary's book and the treasurer's book, were entered by Russell Spies, Leland Kienast and Robert Tank, respectively. All three of these books received number I ratings. Manning was represented in the freshmen creed speaking contest by Wilbur Jahn who recited the F.F.A. creed. "Are We as Strong as We Think?" was the topic given by Pete Petersen in the public speaking department, and in extemporaneous speaking, Gene Dales was given the subject, "Efficiency of Farm Livestock" to speak on for five minutes, followed by five minutes of questions. In these speech contests, Wilbur Jahn and Pete Petersen won number III ratings, and Gene Dales received a number I rating.

Are you interested in learning how to conduct a business meeting? Ask Allen Jensen, Leon Hugeback, Russell spies, Myron Bogatzke, LeRoy Dammann, Robert Grundmeier and Norman Andresen about this technique. These seven boys composed Manning's parliamentary procedure team and won a number I rating. Robert Tank and Donald Pfannkuch represented Manning in the chapter program department by showing and explaining a movie on the F. F. A. program. These two fellows were also rewarded with a number I rating.

All of the entries receiving a number I rating are eligible to compete in the state contest which will be held in Cedar Rapids. Good luck, fellows!

MEET THE SENIOR

Meet Norbert Sextro of our senior class. He is 6' 1/4" tall, has blue eyes and blonde hair. Norbert is taking the agricultural course and it is also his favorite subject. He says, "Agriculture teaches me the things that I have to know in later life." He has no special hobby. Norbert enjoyed the football banquet the most of all of the extra curricular activities sponsored this year. Football is also his favorite sport because he is of the opinion it teaches you more sportsmanship and teamwork than any other sport. As yet, Norbert has no definite plans for graduation, but we wish you the best of luck in everything, Norbert.

MEET OUR TEACHERS

Say "hello" to our science and mathematics teacher, George Triplett. He was graduated from high school at Henderson, Iowa. He has attended Iowa State College, Red Oak Junior college and Iowa State Teachers college where he majored in science and mathematics and was also graduated.

Mr. Triplett's favorite recreational activities include hunting, reading and traveling. He was in the army in 1945 and 1946 during which time he traveled to the Philippine Islands and Japan. In these far away places, he was impressed by the homes, war devastation, and the water buffalo in the rice fields.

Mr. Triplett teaches general science, biology, physics and freshman general mathematics. His students are especially impressed by his scientific attitude and are grateful to him for his willingness to help at all times. His friendly personality is making his classes pleasant to all his students, who sincerely hope he will return next year.

Senior Girls Tell of Omaha Trip

Had you been at the Milwaukee depot Thursday morning at 5 o'clock, you would have found eleven girls and Miss Marie Perkins patiently waiting for the train to take them to Omaha. At 5:30, the train arrived and all were on their way. At 8:45, the train ride was over and the next thing looked for were taxis. It seems that the

taxi in which Margie Kienapfel was riding was giving the girls a pretty fast ride, dashing in and out of cars, when Margie rather surprised and nervous, asked Ardella Frahm, "Don't they have a speed limit here?"

From the station, the destination was the Regis Hotel where breakfast was eaten. Some of the girls were quite surprised when they found they only got one waffle for thirty cents.

After everyone recovered from the shock of the expensive breakfast, the Mutual Benefit Insurance Company building was the next place of interest. A street car was to be taken but which one? As one stopped, Miss Perkins inquired to find out if it would take us there; the driver didn't exactly like the question, neither did the traffic, for while she was talking all eleven girls were right behind her blocking traffic while the street light turned from red to green to red. Finally everyone was on the street car and on their way. It was at this time Beverly Ruhde tried to get on without paying, but didn't get the job done for after she just started back the conductor called her back to "pay her fare."

The first impression of the insurance building was very impressive. Upon arrival, Bill Enenbach met us and served as our guide through the building. The tour had only started when the girls were asked to return to the first floor. The reason for this was that the World Herald learned of our visit and wanted to take some pictures. Marilyn Popp, Marlyn Gruhn, **Marjorie Rowedder**, and Phyllis Musfeldt were chosen. All afternoon, everyone was buying the latest edition of the World Herald to see the pictures and write up, but it was never found. It was later decided that that was only a plot to sell a lot of papers.

The excursion was then continued. All of the different departments were shown and explained. A few of these departments were the indexing, filing, accounting, underwriting, stenographic, policy writers, conservation, collection, actuary, investment, photostat, library, and also the health department. This department is on the first floor and it serves as a hospital for employees.

#### BOUNCING FOR ALL

"Now try a flip!" That's what Manning high school students who are in the gym classes urge their friends to do on the new trampoline which was recently purchased by the school.

From the latest reports, it is assumed that this new contraption is being enjoyed immensely! Most of the students were a little skeptical the first time they stepped on the trampoline, but many of them worked up enough courage to sit and also bounce on their knees which was proved by the exhibition of skinned knees as well as elbows during the past weeks.

The girls squealed with delight as Joann Rowedder tried a belly flop and succeeded the first time. In the boys' classes, Donald Wegner was the first to be noted for his ability to do a complete flip in the air. As the weeks pass, new stunts are being attempted as the boys and girls begin to "get the feel" of this new trampoline.

FLASH!! Twelve Manning high school basketball heroes make the papers! (comic strips, that is).

Deanes Rowedder and Dick Zerwas - Katzenjammer Kids.

Her hobby is keeping a music scrapbook and she is known to many of her friends as "Tilda." As for sports, she likes basketball best because of the worthwhile qualities such as sportsmanship

and team work taught by it but she also likes golf as an Interesting summer sport. Her after-graduation plans are not yet definite but she would like to attend college and major in music or English. Good Luck, Ardella.

He is known by his friends as "Merlie" and his favorite sport is basketball because it develops good sportsmanship and you can follow the game better. After graduation he plans to help his father on the farm. Good luck, Merlin.

#### TEEN CHATTER

Gene Kruse was asked to give his definition of a woman. He cleared his throat and began slowly: "A woman is generally speaking."

"Stop right there!" cut in Mr. McGrath. "You've said it."

### SENIOR STUDENT WINS SPEECH HONORS

Manning high school speech student Marilyn Popp won a number two rating at the pre-district speech contest held at Rolfe, Iowa, on Tuesday, March 7. This is the fourth year Marilyn has participated in the dramatic division of the declamatory contests.

### TRIO SINGS

The girls' trio composed of Sally Schrum, Margie Kienapfel and **Marjorie Rowedder** sang March 6, at the Woman's club meeting held at Mrs. A.D. Wiese, and also at Zetetic club in the home of Mrs. Louis Schelldorf with Mrs. Jeri Bruck as hostess. They sang two numbers, "Strawberry Fair" and "Grandma."

Hmmm - It is rumored that Gary Nady has a new week end interest. It's too bad that Harlan isn't closer to Manning, Gary!

Canasta has certainly become a popular game with Milo Sander - especially since Donna Joens has also learned to play this new game.

#### JUNIOR-SENIOR CLASS PLAY GIVEN

The 4th and 5th day of May the juniors and seniors held their class play "Stranger in the Night."

The plot took place in a small gift shop located off the lobby of Boulevard Hotel in a large mid-western town. Ardella Frahm and Marjorie Rowedder, as Silvia Lee and Mabel Crain were co-owners of the gift shop. Ardella played the role of a level headed young business woman who was secretly the author of a book named "How to Capture the Man of Your Choice." Her literary agent Rose Jordan was played by La Rae Weems. Marjorie played the breezy type person with a definite interest in men, namely, Stanley Frahm as Clifford Newkirk.

The action centered around a box of stationery which supposedly contained the name of one who was about to be murdered. Due to the efforts of Dick Mincey, as Terry Grant, the murderer was captured before any damage was done. The murderer? You guessed it, Gaillard Frank who posed as house detective, Sam Fisk.

Others in the cast were Dean Vollstedt and Lois Fischer who supplied young romance as the bell boy and elevator operator. Marilyn Popp played Marcella Bender the Physical Education teacher and Joan Rowedder as Sandra King-- Miss Bender's feature attraction as a lady wrestler. John Pratt supplied comedy as a middle aged executive whose secretary was Phyllis Jensen as Velda Stevens.

#### STUDENT RECEIVES HIGHEST RATING

Manning high school musicians journeyed to Perry, Saturday, May 6, where they participated in the state final music contest. This was the final contest for the year, and Manning had seven entries.

These were Sally Schrum, bassoon solo; Richard Mincey, snare drum solo; Deanes Rowedder, trombone solo; Ardella Frahm, flute solo; Richard Zerwas, Robert Hansen and Shirley Sextro, cornet trio; and Richard Mincey, Donna Rae Strathman, Cheral Andresen, Rosemary Bock and Mary Lou Foley, drum ensemble.

#### MEET OUR TEACHERS

We'd like to introduce Miss Elaine Ellis, our typing and physical education teacher. Miss Ellis was graduated from Mapleton high school. She attended the University of Iowa for one year, and then transferred to Iowa State Teachers college from where she was graduated in 1999. Her major in college was business education and her minors were physical education and history. Miss Ellis likes the out-of-doors as is proved by her hobby. It is working at a resort near Lake Geneva, Wisconsin in the summertime and meeting the many vacationers. While working at the resort, she enjoys sailboating, speedboating, horseback riding, canoeing and fishing. When asked about her favorite recreational activities, she replied, "Swimming is my favorite but I also like to attempt golf, ice skating, skiing and dancing. I am looking forward to nice weather for picnics and softball games."

Manning high school girls have enjoyed immensely the many new sports taught them in physical education, and the boys as well as the girls are grateful to her for her fine work as their typing instructor. Miss Ellis plans to work at a summer resort again this summer, and then return to teach again this fall. Good luck, Miss Ellis, in everything you do!

Genelle Kruse: "Do you know how to keep healthy?"

Joyce S: "No."

Genelle K: "Wash your face in the morning and 'neck at night' ".

According to Merlin Nulle's essay, "Legs is what if you ain't got two pretty good ones, you'll never get to first base, and neither will your sister."

As Marlene Lohmeier entered the crowded bus at Des Moines Saturday, a man rose to his feet.

"No, you must keep your seat" said Marlene.

"You may insist all you like, Miss," replied the man, "but I'm getting off here."

#### MEET OUR TEACHERS

Meet Mr. Dale Schnirring, our vocational agriculture instructor. Mr. Schnirring was graduated from Lytton Consolidated High School at Lytton, Iowa. After graduation, he attended Buena Vista College at Storm Lake for one year and Iowa State College at Ames for three years. Mr. Schnirring majored in agricultural education and minored in biological science, chemistry and agricultural engineering.

Mr. Schnirring was also instructor for night school during the winter. He has prepared his boys for numerous FFA contests during the year, and has won the highest of honors at them. However, he still finds time for his hobby which is photography. His ability and interest in this line was reflected in the movies taken during the FFA trip west last summer. Hunting and bowling are his favorite recreational activities. To this list, he also added working with FFA boys.

Mr. Schnirring has introduced many new and interesting projects to his FFA boys and has carried them through successfully. He is liked and admired by all his boys as well as all other Manning high school students, who regret that he is leaving Manning this spring. The best of luck to you, Mr. Schnirring, in your new work.

The small son of a family trudged home from his first day at Sunday School and started to empty his pockets: dimes, quarters and nickels, while his mother stared in amazement.

"Where did you get that money?" she gasped.

"At Sunday school," the youngster retorted nonchalantly. "They have bowls of it down there."

Stout little lady: "Can you tell me if I can go through this gate to the park?"

Little Boy: "I guess so. A load of hay just went through."

It seems everyone has noticed the effect of Lois Fischer's many trips to Denison, It's beginning to show up in her eyes.

Guy: "Since I've met you, toots. I can't sleep, can't eat and can't drink."

Gal: "Why not, darling?"

Guy: "I'm broke."

#### WIRE RECORDER IS USED BY SPEECH CLASS

Since Dean Vollstedt and Charles Fielweber have learned to operate the wire recorder, Miss Myra Hamann's speech students are participating in something entirely new and different. Their first experience of this novel idea was that of telling stories over the wire recorder so that they could learn to improve their voices and hear their mistakes in speaking. After hearing their own voices and then improving their speech, they told their stories to the grades from kindergarten through the sixth grade.

At the present time the recorder is being used to record choral readings and poems. After hearing the choral readings, many of the students have learned to read in a more lively manner and to enunciate their words more. Benefits received from the poem recordings include learning to emphasize the correct words and eliminating the reading of poems in sing song voices.

## WEEKLY PUZZLE:

Which candles burn the longer, wax or tallow?

(Neither, they both burn shorter.)

## TEEN-AGERS HAVE FUN FOR LESS MONEY

Young folks want to know what they can do evenings on their small amount of spending money? What can they do that is really fun? Folk-dancing is the simple answer. It is contagious! Once two or three couples start dancing; the spectators can't help but join the merrymaking.

If you wish, it is easy to start a folk-dancing group in your community. Everybody shares the fun and responsibility. The folk-dance groups are strictly cooperative from start to finish. About a quarter is all that is needed to finance refreshments. Everyone can chip in for a collection of records. Dancers usually can gather in a school gym or in a friend's recreation room.

Folk-dancing leads outward in every direction. Through the knowledge of the dances, music, and dress of other nations, you become interested in their customs and way of life. It leads you to better understanding of people all over the world which is a big step toward uniting the world.

## PEP MEETING HELD FRIDAY

RAH! RAH! RAH! was the echo heard from the assembly Friday afternoon just before the game with Bayard Friday night. The students were entertained by a short skit given by Verna Swank, Myra Schroeder, and Joan Rowedder, pep talks were given by Deanes Rowedder and Mr. George Triplett, the cheerleaders lead the group in yelling and there was plenty of that Manning High School spirit present.

## QUILL AND SCROLL MEETING

A short Quill and Scroll meeting was held Wednesday, January 4, in the bookkeeping rooms to discuss the initiation of the juniors. It was planned to have the initiation January 18, but as all the articles written by them are not in yet. It will be delayed until a later date. The committees were appointed by President Marilyn Popp for the preparation of the plans.

## AGRICULTURE

Is agriculture of importance to you and me? Agriculture develops an appreciable part of our national income, furnishes raw materials for many of our great Industries, and supplies food not only for our own nation but for other countries throughout the world.

Fertile soil is the first essential of productive farming. However, the soil soon becomes depleted through erosion and such unwise practices as growing the same crop year after year, overgrazing, wrong method of plowing, or failure to supply plant foods.

Research studies over a period of years have shown that impoverished soil produces crops that are not only poor but deficient in food value, while rich soil gives verdant growth that passes on its healthful bounty to livestock and to us. One of the major objectives of vocational agriculture and the Future Farmers of America is to develop the ability of young men to become successfully established in farming. By Gene O. Kruse.

## CAN YOU IMAGINE

Dean Stribe: a woman hater.

LaVonne Hargens: not talking.

Don Pfannkuch and Allen Joens not going to Templeton.

Dean Vollstedt: not having troubles.

Ardella Singsank and Jeanette Willenborg: not going to dances at Arcadia.

Beverly Ruhde: not liking to hear from Simpson (college that is)

Donna Strathman: staying home alone 3 nights a week.

Myra Schroeder, Verna Swank, and Joann Rowedder: quiet and shy.

Ardella Frahm: not liking board Meetings.

Sue Ann Clark: with non-glowing eyes.

Marilyn Popp and Virginia Swank: going with home-town boys.

Cheral Andresen's parties.

**Marjorie Rowedder: with her lessons prepared.**

Cheerleaders: doing something right.

Basketball team: winning by a large margin.

Typing class: having their budgets done on time.

#### CHRISTMAS DANCES

All the girls got out their prettiest dresses and the boys put on their new suits to go to the Christmas dances. The first Christmas dance was sponsored by the Student Council on December 1. The "Happy Hooligans" played popular songs for this dance. There was a decorative Christmas tree for the occasion and with decorated card tables around the gymnasium to seat everyone. Red and green streamers were strung along the walls and a green wreath of holly was placed in the middle of the floor.

The Chamber of Commerce gave a free Christmas dance on December 27. The Chamber of Commerce served free pop and sandwiches. There were potato chips and pickles to go with the sandwiches. Everyone that went to this dance really enjoyed themselves, especially the boys because the lunch was free.

By Lois Fischer.

#### POINTS FOR GIRLS WHO DATE

Everyone knows that a pretty smile is a potent point in any girl's favor but one that smears lipstick on her teeth is not very attractive.

A girl wearing a school ring or a simple bracelet is more looked upon as a dating girl than one wearing a wrist-full of bracelets that jingle every time she moves.

Hair is another crowning glory providing you take good care of it. Fixing your hair in a style that looks the best on you always helps. One hundred strokes of the brush are not in vain.

Some girls act self-conscious and do everything but look you in the eye when you're being introduced. She that talks with her eyes, flaps her eyelashes, rolls her eyes when talking to boys is very impolite. Boys aren't impressed by this.

Girls who fix their face and hair sometimes pay the least attention to their shoes or stockings. Don't worry when a boy dates a girl he would like the girl to look attractive, even her feet.

Some boys are color-conscious. The color a girl wears has a lot to do with the way she looks and acts.

Your hands are another impression on boys. Some girl's hands look like they have been rubbed with sandpaper and nails clipped with a pair of pliers. Some fingernails look as if they'd been dipped into a ketchup bottle.

Posture!! Who says round shoulders were attractive? One who walks with shoulders back, chin up and who seems to carry herself and she seems to say. "I'm fun to know."

A girl who is calm, cool, and collected when being asked for a date is more capable of being asked again. A girl who says, "I'm free next Saturday." The boys don't like these kinds of girls. By Lois Fischer.

#### OFFICE TRAINING CLASS APPLIES FOR JOBS

Have you ever wondered why some of the senior girls have been all dressed up lately? The office training class has been posing employers and applicants in order to prepare themselves for after graduation employment. It would probably be much easier for us if it were someone we didn't know, but instead it is our best friends watching us. Some of us get kind of scared or "rattled" when it comes time to apply. With this experience, we end another course in office training and we feel we have profited by this education.

## COMING EVENTS

January 12 F. F. A. meeting.

January 13 Mapleton basketball game, here.

January 16 F. F. A. basketball game with Denison, here. Audubon Junior high, there.

January 17 Harlan basketball game there.

January 18 Quill and Scroll, Audubon Jr. high, here.

## TEEN CHATTER

Miss Myra Hamann questioned Leland Kienast: "Tell me what you know about George Washington. Was he a soldier or a sailor?"

"I think he was a soldier," replied Leland.

"Why do you think he was a soldier," asked Miss Hamann.

"I saw a picture of him when he crossed the Delaware and a sailor knows enough not to stand up in a rowboat," answered Leland.

Deanes Rowedder tugged at his mother's apron strings and said, "Ma, didn't I hear you tell Auntie, I have your nose and my daddy's eyes?"

"Yes, you did," said his mother.

"Well, look at me now, Ma" said Deanes, "I got grandpa's teeth."

Marlene Horbach: I adore that funny little step of yours. When did you pick it up?

Leonard Ramsey: Funny nothing. My suspenders are coming down.

"You look sweet enough to eat;" He whispered soft and low.

"I am," said she quite hungrily, "Where do you want to go?"

Waiter: "Are you Hungary?"

Broker: "Yes, Siam."

Walter: "I'll Russia to the table and Fiji."

Broker: "All right. Sweden my coffee and Denmark my bill."

Teacher: "When was Rome built?"

Willie: "At night."

Teacher: "Who told you that?"

Willie: "You did. You said Rome wasn't built in a day."

Winners of three divisions in the home elimination declamatory contest selected Monday night will represent Manning in future competition with other schools.

There were 14 students competing in oratorical, dramatic and humorous division. Rosemary Gleason coaches this department.

Oratorical honors went to Dick Mincey, who gave "Highway Safety," while Sally Schrum, speaking "Stand Up and Be Counted," received second.

Dramatic first-place scoring went to Marilyn Popp with "The Dead Heart." Second place went to Patty Kasperbauer, who gave "Of Mice and Men," and third to Carol Jean Petersen, "Camille." Miss Popp was also a winner in this division last year.

LaVonne Hargens won first honors in humorous with "Brothers Take a Bow," while Barbara Knaack, "The Flea Gang's First Cigars," and Beverly Ruhde, "Arsenic and Old Lace," tied for second place. LaVonne was also on the first-place winner list last year. Judges Monday night were Mrs. Myron Lund, Mrs. Orville W. Harris and Joe H. McGrath. Special music was furnished by a trio, Esther Stryzewski, **Marjorie Rowedder** and Margie Kienapfel.

### Bus Routes Established For Current School Term

With a fourth bus added to the local school system this fall, students from rural areas residing in any direction from Manning will be better served than ever before, Superintendent Ken B. Koch said this week as he disclosed the various routes the vehicles will take starting Monday morning.

Enrollment at Manning this fall is expected to reach an all-time high with the addition of a fourth bus and hot lunches. Which of the magazines in school interests you most and why do you like it?

Rosemary Hinz: I like all of them. My two favorites are "Mercury" and "Life."

"Mercury has small but interesting articles in it although a few of them are rather hard to understand. Mr. McGrath, our English teacher, says that "Life" is popular for the cover, but it has very good articles in it too.

Vernon Godiksen: I like "Life" the best, because of its interesting article as well as pictures.

Marilyn Popp: I prefer "Life" of the magazines in the assembly, because of its picture stories. However, I think that the magazines in the English room are interesting and educational. Two of the most outstanding of this group are the "Atlantic Monthly" and the "Saturday Review of Literature." These two magazines review books and feature articles by the best literary artists of our time.

Lynn Rix: There are a lot of magazines from which to choose. I would say that the students have a lot of research material. I like "Life" perhaps the best of any of them. From it students can obtain nearly any type of material for any assignment from the teachers. A few of the interesting fields covered by "Life" are the news field entitled "The Week's Events," music, art, fashions, animals, modern living, developments of science, and the medical world." "Life" also has splendid pictures and is a magazine that should be read by all.

Ethel Leinen: I like the "Life" magazine because it has fashions, science, and current events from all corners of the earth. It also has interesting pictures. By Ardella Frahm.

## Driving Gets Under Way

Have you seen a car go "jerking" down the street lately, a white one with that "Drivers Training Car" sign on it? Yes, the students are out practicing driving now.

The written test was passed by all members and driving permits have been issued.

The young drivers are having quite a time stopping going up those steep hills and getting started again (the "thing" always does the wrong thing). Backing isn't too easy for some either, but everyone seems to be getting better. The next try will be parking on Main Street, so "Beware"!

Here's hoping all get their license after the training is over and as a whole gain valuable experience from the course.

## Quill & Scroll Was Organized

Election of officers was held at the first meeting of Quill & Scroll. Marilyn Popp was elected president, **Marjorie Rowedder, vice president**, and Ethel Leinen, secretary-treasurer. After the meeting the group enjoyed games and lunch was served. By Sue Ann Clark.

## EDITORIAL LET'S MAKE DRIVING SAYER

Do you value your life? Well, then, are you a safe driver? Usually the people who try to be the safe drivers and consider others are injured, because there are some that are just plain "roadhogs." They expect others to stop and get out of their way or else they will "mow" you down. Let's try to be more careful and help

everybody live longer by cutting down on speed, observe all traffic regulations, and by using hand signals.

So, after this, Stop-Look-Listen and don't end up like the following ten little motorists.

Ten little autos,  
road and weather fine;  
one hit culvert  
then there were nine.  
Nine little autos, one a little late;  
driver struck a railroad train  
then there were eight.  
Eight little autos  
but one went to heaven  
running through stop light  
then there were seven.  
Seven little autos  
speeding through the sticks;  
one skidded off the road  
then there were six.  
Six little autos  
till one took a dive  
through an open drawbridge  
then there were five.  
Five little autos,  
one with rattling door;  
driver tried to shut it  
then there were four.  
Four little autos,  
one climbed a tree,  
but didn't do it very well  
so that left only three.  
Three little autos,  
one driver was a "stew"  
loaded up on Highballs  
that left only two.  
Two little autos,  
tried to beat the gun  
when the warning signal flashed  
then there was one.  
One little auto  
around the corner tore;  
hit a truck  
that's all there is;  
there isn't any more!

### MEET THE SENIORS

Lynn Rix is a 6'4" senior with hazel eyes and blonde hair. He is taking the general course in school. When asked about his favorite subject, he replied, "I like physics best, because it is a very practical course and is used in nearly every field or vocation a student may enter. I am especially interested, because I like mechanical sciences." Lynn's hobby is photography and he is appropriately called "the roving photographer of Manning high." After graduation he plans on joining the services or getting a job at some place other than Manning. The best of luck to you, Lynn!

Meet Phyllis Musfeldt, a 5'6" senior with blue eyes and dark brown hair. Phyllis is taking the commercial course in school, but her favorite subject is English. Phyllis says, "I am especially interested in English, because it will be a great help in college." Keeping a scrapbook of school events is her hobby, and she participates in many of the school affairs. After graduation she IS very much interested in attending college. God luck, Phyllis, and continue your good work.

Entertained By Happy Al Bell

The Manning grade and high schools were entertained Friday afternoon, October 14, by "Happy Al" Bell in the high school auditorium.

This past summer, Happy and his family took a trip along the Alcan Highway in Canada with their station wagon. He told the students many of their interesting experiences and presented a movie which he titled "Along the Alcan Highway."

This movie, which especially featured wild life, was filmed by Happy himself.

EDITORIAL

Welcome, sophomores. We remember the day way back when our class, one of the greenest groups ever to seek higher knowledge, entered high school.

Although you might have found those first few weeks a bit dull and dreary, you will soon make up for your lost fun as you get acquainted with your schedule.

There is only one thing about it and that is you have now become ladies and gentlemen!!! After your experiences have been broadened, you will find out that this isn't so bad. Instead of saying, "We welcome you freshmen," we'll be more grown up about it and say, "Hats off to the class of 1952!"

#### Newcomers

Anita Ludemann and Claudia Anderson are two new members welcomed to the junior class. Anita came from Charter Oak to a farm 5 miles southeast of Manning. She is taking a commercial course.

Claudia, who moved to Manning from Boone, is taking shorthand, general science, American Literature, and typing. She enjoys music and plays the piano in her leisure time. Both girls are taking the drivers' training course.

Milo Sander, a senior with an athletic reputation from Audubon, has moved to Manning. Milo, who lettered in football at Audubon, was unable to join the Manning football team because of eligibility, but is looking forward to being on the basketball squad. Milo is taking advanced algebra, economics, English and second-year typing.

#### Student Council Meets First Time

The first meeting of the 1949-50 student council was held Thursday morning after election of representatives from the sophomore, junior, and senior classes.

The purpose of this organization is to make it possible for the students to plan the activities and to bring a closer relationship between the students and the faculty.

The following members were chosen from their respective classes: Sophomores: Russell Spies and Lois Struve; Juniors: Stanley Frahm and Marlene Kroeger; Seniors: Marlyn Gruhn, Phyllis Musfeldt and Dean Vollstedt.

Carryovers from last year's student council are Joann Wilhelm, junior, and Sue Ann Clark, senior. Mr. George Triplett is the faculty representative and Miss Marie Perkins also attends the meetings.

The following officers were elected at the meeting: President, Sue Ann Clark; vice president, Joann Wilhelm; secretary-treasurer, Russell Spies.

The student council has decided to hold a meeting every Tuesday at 12:50 p.m.

Other meetings will be called when special business is brought forth.

#### FFA Greenhands Are Initiated

The Manning Chapter of Future Farmers held monthly meeting for the purpose of initiating the Greenhands. The following business matters were conducted: It was decided that the turkey raffle will be held again this year, the parent and teacher banquet will be held this year, and there were five members chosen to be candidates for the district meeting at Atlantic. They are Donald Pfannkuch, Leland Kienast, Allen Joens, Dean Stribe and Allen Vennink. Mr. Schnirring will lead a half hour discussion. The things that will be discussed there will be on leadership.

Later we had the initiation of the Greenhands. They were Glen Branning, Daryl Genzen, Roger Hansen, Wilbur Jahn, Dareld Kracht, Roland Meeves, Jack Mohr, Pete Petersen, Lewis Puck, Glenn Singsank, Melvin Sinow, Norbert Stoberl, Merlene Thompson and Allen Vennink. After the ceremony all were invited to the agriculture room to see picture show on dairying.

## QUESTION OF TEE WEEK:

Should the drivers' training course students receive credits for their work as in any other high school course?

Miss Hamann: I certainly think that it is a good thing. It is incentive for young people and encourages them to be better citizens.

Richard Zerwas: Yes, credits would encourage more students to take the course. What good is an education after you have gone out on the highway and killed or injured yourself in a car?

Margie Kienapfel: No, because no period is set aside for it during the day. Everyone must take the other course offered in school, but you don't have to take the drivers' training course unless you prefer to take it, so I don't think the students should receive credits.

Richard Mincey: No, because we are unable to have a regular class period for the course. It is really just a course for your own good.

## DRIBBLES

Don't worry if your job is small

And your rewards are few;

Remember that the mighty oak was once a nut like you.

Social tact is making your company feel at home, even though sometimes you wish they were:

Time marches us "Tho' they had never met B4

What cause had she 2 care

She loved him 10derly, because He was a 1,000,000 aire.

Miss Myra Hamann: "What do you know about Atlas?"

Merlin Nulle: He was the world's greatest gangster."

Miss Hamann: "Gangster?"

Where did you get that idea?" Merlin Nulle: "The history book says he held up the world."

Mrs. Hansen: "Bob, I thought I told you never to do anything to your brother unless you counted to fifty first, and here I find you holding him a closet."

Bob: "I am counting to fifty, but I want to know where he is when I finish."

Some sports are like shoes. The cheapest one squeaks the most loudly.

ADVICE TO BOYS: Running after women never hurt anybody - it's the catching them that does the damage.

Russell Spies: Can you fight?" Arthur Kruse: "No."

Russell Spies: "Come on then, you scoundrel."

The way to have a friend is to be one.

Two New Kitchens Make Six Units

Two new kitchens were installed in the homemaking rooms this summer. There are now six kitchens fully installed with stoves, sinks, cupboards and work tables.

The 23 girls in the sophomore class have been canning peaches, pears, and tomatoes. Thursday, a lady demonstrated the use of cosmetics to them.

The girls plan to sew the rest of the first semester and cook the second semester. Mrs. Christine Sanders, the homemaking teacher, has purchased material which the girls will sew to make curtains.

In the afternoons, of last week, groups of women canned peaches and pears in the homemaking rooms. These are to be used for the hot lunches.

List 20 Students In Driver's Course

The drivers training class had its first meeting Thursday, September 15. A test, which was a sample of the one given to obtain a drivers permit, was taken. The examination for the driver's permits will be taken Thursday, September 22 if a patrolman will come at that time.

The following persons are enrolled in the class: Betty Popp, Claudia Anderson, Marlene Horbach, Fern Weller, Shirley Ohrt, Margie Kienapfel, Sally Schrum, Richard Boell, Dick Mincey, Miss Vera Macumber, Virginia Swank, Rosemary Hinz, Janet Bonnesen, Anita Ludemann, Ethel Leinen, Beverly Ruhde, Dick Zerwas, Robert Boell, Miss Myra Hamann, Miss Marjorie Chalmers.

Band Concert At Wall Lake December 5

Manning's concert band traveled to Wall Lake December 5 for an appearance before more than three hundred members of the adult night school. They presented an hour's mixed concert including numbers featuring baton twirlers and flag swingers.

Everyone had their trials and tribulations, of course. The flag swingers were at a loss for enough room, as usual, and when flags clashed unexpectedly, one might have mistaken the result for a reasonable facsimile of the Anvil Chorus.

People in this vicinity seem to be quite used to seeing twirlers scurrying around in short skirts but Wall Lake residents evidently aren't. One man found himself confronted by a whole line of short-skirted girls and evidently not believing what he saw, removed his glasses to check his vision.

The program included everything from "Tiger Rag" to an overture. The list included imp O'Luck, Intrepidant Overture, Tales from Vienna Woods, Bolero Non. Helena Polka, In The Good Old Summertime, Wabash Blues, Tiger Rag, I Don't See Me In Your Eyes Anymore, Booster March, Imperial; and Drum Major Special.

**SMILES ARE CONTAGIOUS**

"Get Out of Bed on the Right Side" and for the first person you meet, greet him with a SMILE. Don't growl and grouch around, you'll feel bad and also make life miserable for others around you.

"Give and You Get" if you see someone drop or push something over, don't make remarks, but pick it up or help him get it straightened out - another SMILE will develop.

"Compliments Others Before You Find Fault" if you have any reason at all for "picking" on someone or bawling him out, give him a little "apple polishing" first it won't hurt quite so hard and the SMILE will come back more easily..

So all in all, if time is moving slowly - Smile awhile, and while you smile, another smiles and soon there's miles and miles of smiles that make life seem worth while.

**KEEP SMILING JOKES!!!**

It seems that Marge Rowedder almost got run over the other day. She was coming out of Bromerts where she says she was selling tickets to the football banquet and seeing Bob Tank across the street, she ran across to see him, without looking, and Coach Steneker almost hit her. Let's be more careful, Marge, especially after coming out of a place like that.

Drivers' Training

Before long the second semester will begin another course in Drivers' Training will start.

The training this year has been very successful. Students have had a chance to learn how to handle a car correctly and by a competent teacher not a reckless showoff.

Several groups of students have gone to Carroll November 18, December 2 and December 9 and so far all have received their license.

Since the weather has changed, driving will be more difficult for the students, but when they finish this course they will be good drivers and worthy of their license.

Why does a warm day give an icicle A bad reputation?

Teen Chatter

A polite man is one who listens with apparent interest to things he knows all about, when they are told to him by a person who knows nothing about them.

It's love when she sinks in his arms and ends up with her arms in the sink.

There was a young man from the city,

Who met what he thought was a kitty;

He gave it a pat

It was one of those musical evenings. While a woman was rendering a song, one guest leaned over to the man next to him and said:

"What an awful voice! Who is she?"

"She's my wife," replied. the other.

"Oh, I'm sorry," the other said apologetically. "Of course it isn't really her voice, it's that terrible stuff she has to sing. Wonder who wrote that terrible song?"

"I did," was the reply.

One day last week, Miss Marie Perkins had rather a surprise when she received the following excuse from a student who had been absent:

"Please excuse my absence from class on Thursday and Friday. I had science trouble in my head." Who doesn't??

The little boy's mother was arranging her hair. His father sat in the living room reading the evening paper. "Are those curls?" He asked his mother.

"No, dear," she replied, "they're waves."

Looking at his father's bald head, the little boy sighed, "Poor daddy." His head is all beach!"

## Congratulations To A Junior

Which teen age student in Manning is the most outstanding because of a peculiar hobby or job, or because of other superior achievements? Anita Ludeman was chosen by the Quill and Scroll members when they met on Wednesday evening, November 16. The candidates who were chosen from each grade were Lyle Frahm, Claus Bunz, Deanes Rowedder, Anita Ludeman, and Ardella Frahm.

Each school is allowed one representative for this contest which is sponsored by Sheila Daly, a writer for the Chicago Tribune. After their most outstanding student has been elected, each school will present a write-up on the student selected and for what achievement he or she was voted outstanding.

Anita, whose mother passed away six years ago, is a Junior in high school and has been keeping house on a farm about six miles west of Manning for her father and a younger sister, Shirley., who also attends school here. If Anita is a winner in the national contest, her picture and story will appear in Sheila Daly's column in the Chicago Tribune which is read by millions of Americans. Congratulations, and good luck, Anita!

## DANCE ENJOYED BY ALL

If you saw any strange sights Friday night, such as girls calling for boys, girls with their dad's cars, and the girls paying the bill in the cafe, don't be shocked and wonder what this generation is coming to; it was just the result of the Sadie Hawkins dance, which was sponsored by the Pep Squad.

Approximately ninety students attended the hard-time dance. One of the outstanding features of the evening was a pie-eating contest; Don Puck, Dean Stribe, Bob Genzen, Stanley Frahm, Gary Nady, and Leon Hugeback participated. Who was the winner? You guessed it, Bob Genzen, and for a prize he received another pie. Other outstanding features of the dance were a grand march, square dancing, relays and numerous mixers which were enjoyed by everyone. By Phyllis Musfeldt

## MANNING FOOTBALL PLAYERS HAVE WORKED HARD ON 1949 FOOTBALL GAMES

Manning high school football players have put a lot of effort and school spirit into their 1949 football wins and losses. Each player has played his own position and played it well except for the few tumbles and intercepted passes which are likely to happen to any team. Many bruises have been suffered and are marks of a tough game.

Each game that has been played a pep meeting has been held with the pep band playing and the cheerleaders leading yells to build up the team spirit. The team has been helped by spectators greatly this season even though they have lost some games. By Loyce Frank.

## FEATURE STORY

### Friendly John

Lucky the child who attends Manning grade school and has friendly "John the Janitor" to help him. John has been the janitor at the Manning grade school for many years and there isn't a child who doesn't love-him. He sees that doors open for little tots, umbrellas open, zippers don't get stuck, boots come off and on, and many other things along with his larger duties. There probably isn't a better janitor in all the country than friendly "John Joens the Janitor." By Marie Johnson.

## FEATURE STORY

In English class Tuesday morning it seemed as though most everyone was attracted by an enormously queer writing on the blackboard. To our surprise,

especially Alice Ahrendsen and Lowell Stribe, it had nothing to do with English whatsoever. It read A.A. and L.S.

Most everyone is wondering whether Miss Gleason knows about it or not. If she did, her attraction to it was not very great.

Alice was on the defense yesterday trying to find the guilty person. She has two on the string. At this time, she and Lowell are wondering if they couldn't have changed those initials to she and he. At least, it would pertain to English.

However, the blackboard is blank today. By Joleen Klocke.

Meet Margie Kienapfel, a 5'1" senior with brown hair and hazel eyes. Margie is taking a general course, and she likes typing the best of her subjects, because it will be useful in almost any work that she may enter. She is interested in music, and spends most of her leisure time singing and playing the piano, after which she also finds some time for sewing. Margie's favorite sport is basketball, because it is held inside, and it is thus easier to acquire a better understanding of the game. After graduation she has no definite plans. The best of luck to you, Margie!

#### Band Members Take On Concert Duties

Taking advantage of a slight lull in activities between football and basketball games and between marching and concert appearances, the band has been getting in a little practice the past weeks, after having moved all their possessions back to the band room at the grade school. The group has been taking a quick look at contest music, sight-reading some numbers, and commencing work on Christmas arrangements. A few scales have been sneaked in much to the enjoyment of most of the members. By Phyllis Jensen.

#### Homemaking Girls Serve Breakfast

The ninth grade homemaking girls served their third breakfast Wednesday in the homemaking rooms and are planning the fourth.

A demonstration was given Tuesday on the cooking of oatmeal by Margene Drees and Donna Joens. Mary Lou Foley and Betty Lou Stuhr are planning a demonstration on muffins for Friday. By Shirley Watson.

It is time to meet Donald Pfannkuch, president of the Manning F.F.A. Don, one of the shorter senior boys, is 5'8" tall and has blonde hair and blue eyes. His course in school is the agricultural, and he likes agriculture the best of his subjects because it teaches the future farmers of America the newest and best methods of farming. Don, or "Pancake" as he is often called, is an outdoor boy who likes to spend his leisure time hunting and fishing. He is also an ardent football player and believes that values gained from this sport are sportsmanship, courtesy, and cooperation. Don wants to continue living on the farm after graduation. The best of luck to you Don!

WANTED: A road map of farms near Westside and Manning. See Marilyn Popp. Marilyn was on her way to visit Joann Wilhelm (so she thought) one Sunday afternoon, but lost her way and instead discovered the town of Vail where she claims that she has never been before. If you have an extra compass, she would appreciate this donation with the road map. That's just in case she decides to take anymore Sunday afternoon jaunts!

FOR SALE: A beautiful pumpkin pie. Robert Genzen claims he is selling it at a very moderate price. In case you're wondering why he's so eager to get rid of it, we're adding a word of explanation. He won the pie eating contest at the Sadie Hawkins' dance last Friday evening. By the way, he had to eat a pumpkin pie, and when he opened his prize for finishing his pie first, what do you think he saw? You guessed it, another pumpkin pie!!!

### Tells How F.F.A. Boys Are Working

Every week I try to write an article to express our present happenings and future plans. You have probably heard a great deal about this youthful organization. The F.F.A. is a national organization that began in 1928 and has spread to every state in the Union as well as to Hawaii and Puerto Rico. We have a national emblem of a different color to wear when we reach each of our degrees. We receive bronze emblem when we are Greenhands or freshmen, a silver emblem when chapter farmers or sophomores, a gold emblem when Iowa farmers or juniors, and a gold key when American farmers or seniors.

The national emblem has five signs that Future Farmers stress. The "owl" is a sign of wisdom and knowledge; the "plow" means labor and tillage of the soil; the rising sun signifies progress and the day that will dawn when all farmers are trained and have learned to co-operate; the "cross section of an ear of corn" represents common agricultural interest since corn is grown in every state of the Union; and the "eagle" is the indicative of the national scope of the organization. During previous years the Manning F.F.A. Chapter has entered numerous contests such as livestock judging, public and extemporaneous speaking, parliamentary procedure and usage, and contests in which the secretary, treasurer, and reporter's books are judged.

Every year, Manning organizes a F.F.A. Chapter basketball team which plays against the F.F.A. teams of neighboring towns. This year there are 26 members participating with Mr. Dale Schnirring, the F.F.A. instructor, coaching them. New officers are elected every year by the F.F.A. as through these positions, members learn leadership. The officers at the present time are: President, Donald Pfannkuch; Vice-president, Dean Stribe; Secretary, Leland Kienast; Treasurer, Robert Tank; Reporter, Allen Joens; Historian, Russell Spies; Sergeant at arms, LeRoy Dammann.

Our motto is brief, but it means much to us as the Future Farmers of America, because we feel that it is our duty to carry out these motives. The motto is: Learning to do; Doing to learn; Earning to live; Living to serve.

Through the national organization, the F.F.A. members are learning to be good sports, leaders, and co-operators. The members are striving to reach their goal to be successful farmers. By Leland Kienast.

### Tenth Grade Home Makers Sewing

The tenth grade girls have been sewing in homemaking a greater part of this semester. Most of them having been making dresses. Corduroy seems to be the fad for many of the girls have been sewing with it. Then to top it all, try sewing with corduroy plaid. It's quite a job as some of the girls will tell you.

The girls have made fairly good progress this year. As for having any great catastrophes, there weren't too many. Maybe once in a while some of the girls would cut something they weren't supposed to, but Mrs. Sanders usually managed to iron things out. There is one word all of the girls added to their vocabulary, and that is the word "rip." One day the girls would sew and accomplish a great deal and the next day they would have to rip everything sewed.

There are four girls who have completed their dresses. They are Ruth Schmidt, Adele Gray, Joyce Stuhr and Virginia Hansen. These girls have started new garments or plan to within a few days.

OoooPS! WRONG HOUSE Joann Wilhelm, as she speaks to man who answered her knock on the eve of the Sadie Hawkins' dance. Is John ready?

Man, with smug look: He may be ready, but I wouldn't know.

Joann, as she backs off the porch with a terrified look: John doesn't live here?!

Man: No, he lives a block west of here.

This isn't the half of it! When Joann did finally locate John's house he wasn't ready and Joann was obliged to chat in the living room with John Pratt's cousins, nephews, nieces, and brother. We can't understand her reasons, but now Joann always has pity on boy when he tells how he had to wait on this girl or that girl and chat with her family In the meantime.

#### QUESTION OF THE WEEK

The Sadie Hawkins Dance reversed custom for a while. Do you like this arrangement or do you prefer the boy-ask-girl tradition?

**MARGE ROWEDDER:** Boy-ask-girl, of course. If the Sadie Hawkins dance is an example, it seems one has to get in an invitation to a boy 2 weeks ahead!!

**MARLYN GRUHN:** Once in a while is all right, I guess, but I'm afraid. I'd go broke if it happened very often. Especially if all boys have appetites like SOME I know.

**DEAN VOLLSTEDT:** Friday night was all right. Gives a guy a chance to eat a big meal. I think the girls showed us a pretty-good time.

**CHARLES FIELWEBER:** I liked Friday night's arrangement. Reason? No cost!!

**MARLENE KROEGER:** The thing that I don't like about taking the boys is when you furnish transportation you also have to walk them to the door!

**STANLEY FRAHM:** I prefer the boy-ask-girl system. I did like the dance, though. The thing that's wrong with girls asking for the dates is that the right girl might not ask you and then what do you do?

#### 8th Graders End Study of Mohicans

The eighth graders have completed the study of "The Last of the Mohicans" and have made some very interesting projects this six weeks. One of the most outstanding of these projects was a scene made of bread dough by Alice Jean Ahrendsen. Other scenes were made by Paul Vollstedt, Billy Hargens, Lyle Frahm and Lowell Stribe. Much weaving and beadwork was, gone and several students made different types of Indian drums. Bob Wycoff made a tepee and a traverse of gunny sacks. Splendid drawings were made by others.

#### Happy Birthday GREETINGS TO

Phyllis Jensen, November 15.

Stanley Frahm, November 15.

Verna Swank, November 17

#### WEEKLY PUZZLE:

What did the fountain pen say to the paper? (dot my eyes on you)

Mrs. Frahm: "Where have you been, Stanley?"

Stanley: "Playing ball."

Mrs. Frahm: (severely) "But I told you to beat the rug, didn't?"

Stanley: "No, ma'am. You told me to hang the rug on the line and beat it."

Hot Lunch Program Enjoyed by Many

The Manning school's hot lunch program has worked out very well for the first two six weeks. Only a few casualties such as the bottom of a fruit drinking cup falling out and milk floating on the dinner table landing in some-ones lap have happened.

Each day the students have a tempting dinner which is enough to satisfy anyone's hungry appetite and a bottle of cold refreshing milk. Dark and white bread is served each day with different variety of tempting menus. By Loyce Frank.

Mrs. Myron Lund Is New Secretary

A new member of the local school system, Mrs. Myron Lund, was introduced at the pep meeting held at the high school Thursday by Superintendent Kenneth B. Koch.

Mrs. Lund is a graduate of Coon Rapids high school and attended St. Olaf College. She was on the runner-up basketball team that almost won state championship.

Mrs. Lund, after introduced, said a few words to the students attending the pep rally. She said she was very happy she could live in Manning and hoped Manning would win its last football game. By Sylvia Shamp.

Glidden Beats Manning Junior High

The Glidden Junior High defeated the Manning Junior High, 20-0 Monday night at Manning. Glidden got their first touchdown when Britt put it over from the one-yard line and Tryon went around end for the extra point. Britt scored again in the second quarter and it pass from Williams to Tryon was good for the extra point, in the third quarter for the last making it 14-0. Britt took it over touchdown and Tryon missed the kick on the extra point. Manning's only threat came in the last quarter when Claus Bunz got off for two good runs.

Homemaking Girls Serve Breakfast

The ninth grade homemaking girls served their first breakfast Thursday morning in the Homemaking rooms. The meal consisted of toast, cocoa, and apple sauce.

F.F.A. Meets

F.F.A. will hold a meeting Thursday night, November 10, for the purpose of initiating the Chapter Farmer. The following boys will be initiated: Norman Andresen, Myron Bogatzke, Richard and Robert Boell, Raymond Christensen, LeRoy Dammann, Frederic Dethlefsen, Gene Ehrichs, Robert Grundmeier, Leon Hugeback, Donald Jackson, Allen Jensen and Russell Spies.

MEET THE SENIORS

Meet Ardella Singsank, 5'5" senior with brown hair and blue eyes. Ardella is taking the general course in school, and she prefers typing to her other subjects. Ardella says, "Typing is my favorite subject, because it is something that I will be able to use no matter what my occupation may be." Her hobbies are taking pictures and riding the bicycle.

Ardella likes basketball better than any other sport, because It is easy to watch and also easier to understand than other sports. After graduation she would like to travel in the western part of the United States. Good luck to you Ardella!

Question of the Week:

Which football game did you enjoy most this season? Why? Joann Rowedder: I guess the Manilla game was the most interesting, partially because it was the

only game I got to see because of working with the junior class, and because the score was so close at the end.

Marlene Kroeger: The Manilla game. Even though we didn't win it, it was an exciting game because of the close scoring at the last part.

Russell Spies: I enjoyed the Scranton game most because Manning was by a wide margin. The boys were continuously running and passing for long gains, therefore making the game interesting to watch.

Ardella Frahm: I like the Manning vs. Manilla game. Defeat seemed certain during the first half, but it was really exciting to see the Bulldogs play during the last quarter when they nearly made the score jump in Manning's favor.

Allen Jensen: The Manilla game. It shows that our boys never give up until the game is over. The way they came back in the third quarter showed they were out to win and that our coaches were also doing a wonderful job.

Lynn Rix: The Manning vs. Manilla game, but only during the second half because that was when the game got going a little faster and the score began to creep up to where we had a chance of at least tying them.

### MEET THE SENIORS

Leland Kienast is a 5'9" senior with brown hair and blue eyes this year. In school he is better known as "Dynamite." He is taking the agricultural course, and his favorite subject is agriculture. Leland says, "Agriculture is very interesting and educational, and one can practice the things he learns." "It's different from any of the other subjects offered in school." Leland likes to spend his leisure time listening to sports games and reading sports articles. He likes football the best of school sports because he says that a player must play to the best of his ability at all times and yet show courtesy and respect to his opponents. After graduation he plans to join the navy or find a job. Good luck in everything, Dynamite!

### Scavenger Hunt And Party at Junior High

On November 1, the seventh and eighth grades had a scavenger hunt. They met at 7:30 at the grade school. Mary Ann Peters, Lyle Frahm, Eddie Anderson, Allen Rix, Dale Vollstedt and Burton Sander were captains. Mary Ann's group was the first to return and Burton Sanders next. At 9:00 the groups returned to the grade school to play games. After the games, which were relays, lunch was eaten in the gym. By Diane Rix.

### JOKE!!!

#### An Exercising Recipe

A young bride asked her husband to copy down a recipe being given on the radio. He did his best but got two stations at once with this result:

"Hands on hips, place 1 cup of flour on the shoulders, raise knees and mix thoroughly in one-half cup of milk. Repeat 6 times, inhale quickly one-half teaspoon of baking powder, lower feet and mash 2 hard cooked eggs in a sieve. "ATTENTION!" Lie flat on the flour and roll the white of an egg back and forth until it comes to a boil. In ten minutes remove from fire and rub with a rough towel. Breathe naturally and serve with fish soup. By Shirley Watson & Phyllis Zerwas.

#### Still No Treats For Eighth Grade

It seems the eighth grade spelling class isn't doing so well, forgetting their treats promised by Miss Gleason if they all get 100 in their final test in spelling. They are still trying but two weeks have passed and still the whole class doesn't have any treats.

#### Juniors End Season

Manning Junior High ended its quite unsuccessful year in football, October 31, 1949, on the Manning football field.

Manning Junior high played 6 games and won one. The following teams beat Manning Junior High: Glidden Junior High, Carroll Junior High, Audubon Junior

High, and Manilla Junior High won two. Manning Junior High beat Denison Junior High. By Paul Vollstedt.

#### Boy Scouts Have New Scoutmaster

The Manning Boy Scouts are under the new leadership of Joe McGrath, English teacher for the 10th, 11th and 12th grades at the high school. Mr. McGrath took over October 20. He has had the boys working on different kinds of knots. Heinz Brandt was scout leader for 2 years. All boys from 11 years and older are encouraged to join. The meetings are held every Thursday night at the Legion Hall.

Robert Tank: "What is a buccaneer?"

Leland Kienast: "A buccaneer is a awful price to pay for corn."

Miss Hamann: "What is the largest country in the world?"

Dean Stribe: "Ireland, because the capital is always Dublin."

Lois Struve: "Ouch!"

Deanes Rowedder: "What happened?"

Lois: "A bee stung me."

Deanes: "Put some lotion on

Lois: "Can't! It flew away."

The little girl had been sent up-stairs to get washed and ready for school. She called down to her mother, "What dress am I going to wear?"

Her mother answered, "Just get washed, never mind what dress."

"But," she protested, I want to know if I have to wash for a round neck or a square one!"

Marge Rowedder "Do you file your nails?"

Marlyn Gruhn "Naw, I just throw them away after I cut them."

Bob Genzen and Don Wagner were forced to spend the night in a hotel in the city.

"I shall have to put you fellows in the same room for tonight," said the manager.

"That's all right," replied the boys.

"Well, I think you'll be comfortable," said the manager. "It's a feather bed."

At two o'clock' in the morning, Bob woke Don.

"Change places with the," he groaned, "it's my turn to sleep on the feather."

## TEEN CHATTER JUNIOR HIGH FUN

Allen Vennink, a football player who had failed an examination just before the big game, was disqualified.

Later the Coach came to Miss Rosemary Gleason, whom had given Allen the zero and replied: "This is terrible," he said "We can't win the game without him."

"But I had to give him the zero, because you see he cheated." "Did you see him?"

"No, he denied it, but, he a, poor student and sitting next to the, smartest one and they having identical answers."

"Does that he prove he cheated?"

"In this case it does. You see on the smart person's paper the last problem was not answered and this was written in "I do not know the answer," and on Allen's paper the last one said "I don't know the answer either."

Ha - Ha

Robert Neubaum was talking to Merlin Ramsey about venturing into television.

"We got the actors," he explained, "The lights scenery, and a cameraman with a bad case of shakes."

"You hired a cameraman with a bad case of shakes?" asked Merlin.

"Sure", said Robert, "Someone's gotta make the picture come out blurry!"

What Is Your Favorite Subject and Why?

Neoma Popp, Office training. It always serves to create a lot of interesting discussion.

Ardella Singsank, Typing is my favorite subject because it's something I'll be able to use after I graduate.

Jeanette Willenborg, Typing. I can use it now in doing my studies. It will also be useful later in life.

Lois Nissen, Geometry is my favorite subject because of the many interesting problems it offers.

Zita Ress, Homemaking is my favorite subject because I like to sew and learn how to keep house.

Are the girls in Manning high really less bashful than the boys? Everyone is beginning to believe they are For the Sadie Hawkins' Dance which will be held November 18, most of the girls had invited their dates two weeks ago. No wonder girls never complain about boys who keep them waiting on dates! They inform them a month ahead of time, while the boys calmly dial the telephone a few hours before calling for them.

Seniors Having Busy Year

The senior shorthand girls are taking dictation at 70 words per minute now. Their goal for this year's work 100 words per minute.

Typists in the senior class are taking five-minute time tests to improve their accuracy and increase their speed. They are also busy taking care of their respective teacher's work as secretaries.

The American history class has just completed a chapter on The Machine Age and Agriculture, which deals with the conditions of the farmer for the past one hundred years.

The twelfth grade English class is studying sentence structure which will later be applied to composition work.

Physics class, taught by Mr. George Triplett, has studied the measurement of pressure in liquids and pressure in the air. All have been enjoyable to the pupils because of the various experiments which (were performed).

Miss Myra Hamann's speech class has been practicing on talks and speeches before their class. They have also been putting on skits and pantomimes.

The economics class so far has covered a unit and a half. They learned various terms and studied various different economic problems. By Phyllis Musfeldt.

EDITORIAL

"HOW ARE YOUR MANNERS

Let's start with making and meeting new friends. This is one of the best things a person can do, but you know how to make that introduction?

"You're out with Tad and up comes Nan,

But even if she'd like your man, Politely say "Nan, this is Tad." Name lad to gal, not gal to lad." About the girl's beauty routine

Do you know the where, when, and how?

"Though perfect grooming's good to see

Don't show us how it came to be.

Renew your make-up, comb your hair

Where they are none to stand and stare."

Here's one for the girls, as well as the boys

"Allow all males to open doors,

It's one of their more manly chores

Until they do so, you should wait,

Be they your brother, dad or date."

Gifts are always a problem,

use commonsense, don't you agree?

"Don't give Bill gifts that cost a lot,  
Or you may find you're on the spot,  
How sad and silly it would look  
To give a watch and get a book."

Whether you're minding the neighbor's children or have a full or part-time job,  
YOUR MANNERS WILL SHOW so let's watch politeness and show more respect  
to our teachers and elders.

Sally Schrum must have been in great need Thursday night. Several South Manning residents remarked that Sally dressed in a burlap dress with hat to match, knocked at their doors and inquired whether they had a Milky Way candy bar for which she would pay the regular price, five cents. "No one had any," Sally said, "and everyone gave me several puzzled stares."

#### MEET THE SENIORS

Meet Beverly Ruhde, a 5'3" senior with blue eyes and blond hair. Beverly, who is better known as "Dopey," is taking the commercial course in school. When asked about her favorite subject, Beverly replied, "I like English best, because it is something that will be used no matter in what phase of work one enters." Beverly has no special hobby, but she likes music and plays first clarinet in the pep band as well as the concert band. Basketball is her favorite sport, because it moves faster and seems more interesting. After graduation Beverly plans on attending college. Good luck, Dopey, in everything!

Arthur Kruse is a 6' senior this year with blue eyes and brown hair. He is taking the agricultural course in school, and his favorite subject is agriculture. Arthur says, "I intend to become a farmer someday, and this subject gives much information on good farming" Arthur doesn't have a hobby which involves collecting objects, because he'd rather spend his leisure time hunting or fishing. When asked about his favorite school sport, he replied, "I like basketball the best, because I have played some FFA basketball and thus have a better understanding of it than I have of other sports." After graduation, he plans to work on the farm. The best of luck to you, Arthur!

#### GLIDDEN BEATS MANNING 41-0

In a Coon Valley Conference game Friday night, Manning was unable to stop the new "Champs" and thus took their worst defeat of the season.

If Bruce Hazelton, the Glidden fast running fullback, wasn't sweeping around end, Tryon was completing passes.

Manning blew several scoring chances when in the first quarter Manning received, and took the ball down to Glidden's 9-yard line, only to fumble and have Glidden recover.

Leading 21-0 at the half, Glidden went on to win 41-0

By Orrin Kuhn.

Mrs. Christine Sanders, homemaking teacher, and the ninth grade girls attended the flower show Friday, which was sponsored by the Manning Garden club.

#### STUDENTS WERE ENTERTAINED

On Tuesday morning, October 25, Manning students were entertained when the University of Kansas presented "Music Unlimited" by Miss Langley and Mr. Ishmael, both talented entertainers.

Mr. Ishmael opened the program with a lullaby, progressed through childhood and teen stages, romance, marriage, and completed the cycle by finishing with a lullaby. Their most popular numbers included Gershwin's "Rhapsody in Blue," a piano solo by Miss Langley, and a medley of songs from Sigmund Romberg's "The Desert Song", sung by Mr. Ishmael. A ballet number and soft shoe dance were also included in the entertainment. By Marilyn Popp.

Charles Fielweber proved to be a very capable instructor in a skit given by Charles and Dean Vollstedt in speech class. Dean can now drive a motor vehicle with the greatest of ease.

EDITORIAL THEORY NOW, FACTS LATER

School is a matter of theory, but life after graduation is a fact. Students attending school are in reality analyzing life after graduation. They are learning only the fundamentals of life in school, while after school the knowledge gained is an addition to their fundamentals. Pupils in school are learning how to live successfully, but after graduation they will actually be carrying out the information they have learned. Decisions of little importance in school may need more thorough consideration after graduation, or sometimes school decisions may be of more importance, because they influence the decisions made after graduation. Children going to school are dependent on their parents, while graduates must

adjust themselves to their lives and learn to provide for themselves to be more independent. Then too, students are learning or practicing their duties in different kinds of work, and after graduating, the work must be handled with as few mistakes as possible. As a whole, school life is the foundation, while life after graduation is the, remainder of the building.

A generation ago a boy would walk ten miles to see a girl. Nowadays if she don't come running when he honks the horn he changes girls.

### MEET THE SENIORS

Meet Marjorie Rowedder, 5'2" senior with light brown hair and blue eyes. She is taking a commercial course in school, and she likes office training the best of her subjects because it covers a lot of things in which she'll be interested and use in later life. Marjorie's hobby is dancing, and she is enthusiastic about sports. Her favorite sport is basketball. Marjorie says, "I like basketball because I think it brings out the meaning of sportsmanship. It shows ability more than other activities, and it is one of the easiest sports to watch." "I do like all outdoor sports too." After graduation, she is interested in being an airport or office receptionist. The best of luck to you, Marge!

Orrin Kuhn is a 5'11" senior this year with red hair and blue eyes, who is better known as "Fireball." Orrin is taking a general course, and when asked about his favorite subject, he replied, "I like advanced algebra, because it teaches one to think until a conclusion is reached and this principle will be used continually in later life." He likes traveling, and his favorite sport is basketball because he believes that it requires more skill than other sports. When after graduation plans were mentioned, Orrin surprisingly said, "I'm going to move to the farm." Good luck in everything, Orrin!

### BAKE SALE SATURDAY

The pep squad sponsored a bake sale Saturday afternoon, Oct. 21, at the Struve garage. The many cakes, cookies, breads, etc., were donated by the members of the organization. Total receipts of the bake sale was \$36.85, which will be used to pay various outstanding bills. The pep squad would like to thank everyone who helped make the bake sale a success. Special thanks goes to Mrs. Clara Strathman who helped at the sale, and to the Struve Motor company for use of their garage.

### ODE TO A NAG.

Oh, Horse, you are a wondrous thing, no horns to honk, to bells to ring, no license buying every year with plates to stick on front and rear. No sparks to miss, no gifts to strip; you start yourself; no clutch to slip. No gas bills mounting every day to steal the Joy of life away.

Your inner tubes are all OK and thank the Lord they stay that way. Your spark plugs never miss and fuss, your motor never makes us cuss. Your frame is good for many a mite, your body never changes style. Your wants are few and easy met, you have something on the auto yet. Arkansas Highways.

#### F.F.A. BANQUET HELD

The F.F.A. held its annual Parent-Teacher banquet Tuesday night, October 18, 1949, at 7 o'clock in the high school auditorium. There were 240 people present. Those attending as guests of the F.F.A. boys and their families were the teachers and school board members. After supper everybody got acquainted and bingo was enjoyed by all.

#### MEETING

The word "basketball" is going around to the F.F.A. boys. There are some boys that have already decided to go out for F.F.A. basketball. The F.F.A. chapter ordered some new basketball suits before the season began.

By Leland Kienast.

#### ALL-STATE TRYOUTS

Three cars loaded with Manning high school students left in the early hours of Saturday morning to take part in the tryouts for All-State band and chorus.

The tryouts were held in the Ames high school. Students from large and small schools were there to demonstrate their musical ability. Although it was not possible for everyone to be accepted, each person there had a good time.

The people participating in band were LaVonne Hargens, Phyllis Jensen, Ardella Frahm, Dick Zerwas, Bob Hansen and Dick Mincey. Dick Mincey gave his chair in band from last year to Ardella Frahm.

Deanes Rowedder, Lynn Rix, Beverly Ruhde, and Sally Schrum will represent Manning in the All-State chorus.

He hopes to attend college after graduation - the class wishes him a lot of luck.

## MEET THE SENIORS

Meet Dick Clark, a vocational agriculture student. Dick is very active in his Ag. work and has shown many prize-winning calves in Shelby county.

Dick does manage to get some school work done, especially history, since this is his favorite subject.

This brown-haired, brown-eyed "49'er" played football all through high school and this year is a member of the F.F.A. basketball team.

Dick plans to attend college "eventually." Good luck, Dick.

Give a big greeting to one of the "small" gals in the class, Delores Hammer. Dee may be small but she really gets things done in a big way. She is serving as president of the pep squad, a big job for any one.

This cute, blonde, blue-eyed senior is taking a commercial course and really enjoys the hours spent at M.H.S. Her favorite subject is biology and favorite sports are basketball, and skating.

Dee is an active member of Quill and Scroll and is the senior reporter on the Spotlight staff. Dee was one of the homecoming attendants. She plans to work in an office after completing her high school work. Smooth sailing, Dee!

## TRIP TO IOWA CITY

Friday morning Leroy Kienast, Jerry Knaack, Dan Peters, Dean Stribe, Robert Genzen, Lyle Hansen, Stanley Frahm, Leonard Ramsey, Dean Vollstedt, Coach Stenecker, Coach Anderson and A.W. Bock left for Iowa City: Friday afternoon was spent in a theater, and Friday night at the field house watching the interesting games.

Friday night was spent at the Community Center with about two hundred other boys. It was very quiet, indeed, especially with water guns, pails of water and other "play things." About 2:00 everyone managed to quiet down and get some sleep.

Most of Saturday was spent in the Center, and Saturday night at the games again. Everyone had lots of fun.

## STUDENTS HEAR LECTURE

A lecture on "narcotics" given by Mr. Lyon from the Women's Temperance Union in Des Moines, informed Manning high school students of the severe effects that alcohol, drugs and other narcotics have on the users.

Mr. Lyon is interested in checking the use of the numerous narcotics because he has seen so many pitiful cases. Students were surprised to hear of the many murders committed under the influence of alcohol, as well as the physical suffering of the users. Mr. Lyon also said that if the use of narcotics were checked, the number of traffic accidents would show a surprising decrease. Before ending his lecture, Mr. Lyon demonstrated how smoking causes harmful agents to enter the body and result in sluggishness, nervousness, and other physical defects.

## MEET A SENIOR

Look above and who do you see? Marie Ploog who is 5' 7 1/2" and has brown eyes and brown hair. Marie is a very athletic girl, as the picture indicates. Her favorite sports are basketball and kittenball. She is taking a general course in high school and her favorite subjects are bookkeeping and economics. As a hobby, Marie has a scrapbook in which she has kept many items that are of interest to her. She also likes to sew and has made herself many clothes. Marie is also a farm girl and her plans for after graduation are to stay home and work.

## WELCOME BACK

M.H.S. welcomes back to our school Verna and Virginia Swank who have been attending school in Exira. Verna is a sophomore. She has brown eyes and dark hair, and is taking typing, biology, world history, and English. Virginia is a junior, and also has brown eyes and dark hair. She is taking biology, government, geometry and literature. Verna and Virginia attended Manning school for the first three and four years respectively. Welcome back, kids, we hope you will like our school.

## MEET A SENIOR

Meet Bill Opperman, a rosy-cheeked farm boy. Bill, who has brown eyes and brown hair, and stands 5'10", is taking an agricultural course. What's his favorite subject? Why, agricultural of course! Next, though, on the list, is economics. Look at those shoulders. Those were really needed in football, one of his favorite sports. Basketball is another. His favorite hobby is working with cattle. That's where his moo-oola comes from.

"Oppy" was a member of student council in his junior year. In the same year he was President of the F.F.A. organization and Treasurer of it in his senior year. He played four years on the high school football team. He was on the F.F.A. basketball team his first three years in high school. His plans for after graduation are to work on the farm.

Question of the Week:

What characteristic in people do you like and which do you dislike most?

Lyle Jahn: I like people with a pleasing personality, and dislike stubborn persons.

Iva Mohr: The characteristic in my friends that I like most are sincerity and truthful personality. My pet peeve is people who are conceited and are only putting on.

Margie Rowedder: I like people who have pleasing personalities and a sense of humor. I don't care to be with people who think they are better than the rest.

Bob Tank: The kind of kids I like best are full of fun and having a good time. I don't like selfish people.

Leonard Ramsey: I don't know just how to explain it, but I like all-around good kids. I dislike people who act smart.

Wave Lacey: I like kids who are easy to get along with, and carry on a good conversation. I dislike gossipers, or so-called "catty people."

## HIGH-LIGHTS ON BASKETBALL

The Manning Bulldogs had a better than average basketball season by establishing a record of 17 wins and 9 losses. The final loss was in the first round of the sub-state tournament.

The team consisted of Lyle Hansen, LeRoy Kienast, Dan Peters, Jerry Knaack, and Louis Bohnsack. The latter four were the only lettermen from the 1948 championship team. Lyle Hansen moved up to a first team guard from the second team of 1948. Others on the squad were Dean Stribe, Stanley Frahm, Vernon Asmus, Melvin Clothier, Bob Hansen, Dean Vollstedt, Leland Kienast, Bob Tank, Leonard Ramsey, Lyle Fuss, Charles Fielweber, and Bob Genzen. The Bulldogs, because of their record a year previous, were invited to play in two exhibition games. The first, played toward the latter part of November, was won by Manning over Galva, 29-20. This game was played in the Morningside college gym. The second was played against Sheffield in the Ames college armory. This game was also won by the Bulldogs 32-29.

The Bulldogs were not too impressive during the first part of the season, but improved rapidly as time went on.

Some of the stronger teams Manning lost to were Thomas Jefferson of Council Bluffs, Carroll, Sac City, Grand Junction and Moorhead. A few of the teams the Bulldogs beat were Atlantic, Harlan, Denison, and Lake City.

For the first time in three years Manning lost possession of the Coon Valley crown. They were beaten by Glidden 31-30 in a thriller as Glidden made a basket as the game ended. The final standings were Glidden on top with a 7-1 record, Manning second with 6 wins and 1 loss, and Lake City came third with a 5-1 record.

Toward the end of the season the Bulldogs showed their best basketball and had a seven game winning streak. These seven were the last three games in the regular playing season and the two games in the sectional and district tournaments.

The Bulldogs won over Dunlap 55 to 21 and Denison 39 to 25 in the sectional tournament played at Denison. In the district they registered wins over Lake City 49-33 and Carroll 37-24.

In the first game of the sub-state, played at Ames in the college armory, Manning lost to a strong Forest City team. Manning acquired a 6 point lead early in the game but was behind at the half 24-18. The second half followed the same pattern and the Bulldogs lost 47-37.

During the season the Bulldogs piled up a total of 941 points alongside 797 for the opposition, or a 36.4 offensive average and a 30.6 defensive average. Louis Bohnsack, Dan Peters, and LeRoy Kienast lead the team throughout the season with a 10 point average each.

Date: 1960

Dear Editor:

Last Wednesday, I arrived in Washington, D.C., and was very glad to have the opportunity to meet our greatest school success, Leland Kienast. He was voted president with a new party called "Let's All Get Rich." LeRoy Kienast is now a general in the army. The president's cabinet shows a slight relationship to school. John Pratt is secretary of defense; Hugo Ress, secretary of labor; Herbert Dammann, secretary of agriculture; Norbert Sextro, secretary of commerce. Because Leland didn't wish to be partial in choosing his cabinet, he did have one member from New York and one from California. He reduced the number to six, he could always do things better alone, well, not all alone:

A new law was passed that the president couldn't be married, so Sue Ann Clark is just a maid. Vernon Hass used the training he acquired from waiting tables one Christmas Ball, and is now the butler.

Frances Soll has set a new record in typing. She types 130 words a minute, but, of course, only she can make it out. Beverly Ochsner is a private secretary to the secretary of labor, and rumors are flying!!

Thursday night a large banquet was held. It was in honor of Gerald Grundmeier, who has become a big-time inventor. He just found a tonic to extend life to 200 to 300 years. There's only one catch to it, if you die before that time, the tonic is unsuccessful. He also improvised the atomic bomb, has invented a mechanical man to do all work, and a device to scrub your back in the bathtub. Some certain Marian seems to be his Influence.

Alcatraz has become so over loaded with this generation that an island was built off this shore. Don Mohr is one inmate, he was charged with stealing Deloris Dammann from Lyle Jahn. Oh! Is that still going good!

That is all the people around here that were familiar, so I'll write again next week from Miami.

As ever, Iva Mohr 1948-49 Editor.

A very little boy came home dejected from his first day at school. "Ain't goin' tomorrow," he said.

"Why not dear?" asked his mother.

"Well, I can't read 'n' I can't write 'n they won't let me talk - so what's the use?"

#### MEET A SENIOR

Meet Deloris Dammann, known to all her friends as Dolly. Her nickname fits her well for she is small, only 5 ft. 2 in. tall, has blue-green eyes, and light brown bobbed hair. Dolly is taking a general course in school, and her favorite subjects are biology and history. Her hobby is dancing, and her favorite sports are basketball and football. Dolly has been a member of girls' glee club for four years, and this is her third year as a member of mixed chorus. She played a part in the ninth grade class play in her freshman year. This is her third year in pep squad. Dolly plans to work as a clerk in a store after graduation. Good luck, Dolly!

#### MEET A SENIOR

Pictured above is Roy Schrum, a 5 ft 10 in. senior with blue eyes and light brown hair. Roy is taking a general course in school, and his favorite subject is English Literature. Roy is working in the J.M. McDonald Co. store at the present time, and hunting and fishing, his hobbies, occupy his free time. His favorite sports are basketball and football. Roy has been a member of Quill and Scroll in junior and senior years. His plans for after graduation include working in Manning and later joining the navy. Keep up the good work, Roy.

Bob Johnson had a hard time pronouncing his R's so the teacher gave him this sentence to learn. Robert gave Richard a rap in the rib for roasting the rabbit so rare.

A few days later she asked Bob to repeat the sentence. He rose and said, "Bob gave Dick a poke in the side for not cooking the bunny enough."

Preacher at baptism): His name, please?

Mother: Percivae Archibald Alfred Henry Smithson.

Preacher (to helper): A little more water, please.

LeRoy Kienast: Will your parents be surprised when you graduate?

Bill Opperman: No, they've been expecting it for several years now.

Leonard Ramsey: Father, can you write in the dark?

Mr. Ramsey: Oh, I guess so, Leonard.

Well, then, turn off the lights and sign my report card.

Lyle Hansen was writing to a mail order house. He wrote: "Please send me the gasoline engine on pg. 175 of your catalog. If it's any good, I'll send you my check."

The mail order house wrote back. "Please send us your check and if it's any good we'll send you the engine."

Shirley Ohrt was left in charge of the candy counter one day and a sweet little lady came in. She smiled and said, "Don't you sometimes feel tempted to eat some of the candy?"

Shirley was shocked. "Of course not! That would be stealing! I only lick them!!"

Dean Stribe: "Aw, Ma, why do I have to wash my face again before dinner?"

Mother: "Because you got a smudge on it, dear."

Dean: "Why can't I just powder it over again like you do?"

Women's faults are many,

Men have only two:

Everything they say

And everything they do.

Sir, I admit your general rule,

That every poet is a fool,

But you yourself may serve to show it,

That every fool is not a poet.

OFF TO COOKING SCHOOL

The ninth and tenth grade Home Economics classes skipped school in favor of Frigidaire's cooking school Wednesday afternoon and walked home with a good share of the prizes. The biggest surprise of the afternoon was when Margaret Schrum walked off with the prize package of the day, a new electric range.

Mrs. Opal Rice, a veteran in the home economist field, demonstrated three meals, using thermizer, oven, and surface units. She prepared a pot roast, a steak, and a chicken with accessories. The girls were interested in her complete explanation of the use of electric equipment because the Home Economic department is electrically equipped.

Phyllis Jensen helped Mrs. Rice backstage and received a very pretty compact for her efforts.

Other sophomore Home Economic girls, Myra Schroeder, Donna Weinbrandt, Betty Popp, Joanne Lamp, LaRae Weems and Lois Fischer, handed out registration cards, menus, etc., and distributed prizes. They were each given a box of candy.

All in all, the girls learned some valuable pointers and Margaret Schrum became the object of quite a lot of teasing.

Last week a committee of five juniors selected a cover for next year's annual and the staff intends to start work on it this spring.

#### FLASH! FLASH!

#### MILITARY BALL IN SIGHT

If you want to plan on some entertainment and a good time, plan now to attend the military ball which is to be held at Carroll April 22. It is to be formal and everyone is cordially invited to attend. Manning is to elect a king and queen and the one elected will reign over one dance as do the other kings and queens of visiting towns. Those who attended the ball in previous years enjoyed themselves and will probably be seen there again this year, unless something else makes it impossible for them to go.

#### JUNIORS INITIATED

The juniors were initiated into Quill and Scroll at a meeting held on Wednesday, March 30, in the homemaking rooms. Miss Perkins and the following senior Quill and Scroll members were present at the initiation:

Melvin Clothier, Herbert Dammann, Gerald Grundmeier, Delores Hammer, Mary Ann Kasperbauer, Jerry Knaack, Iva Mohr, Danny Peters, Rose Ann Rix, Leo Rostermundt, Roy Schrum, Lois Wilhelm, Louis Bohnsack and Donald Middendorf were absent.

The following juniors were initiated: Ardella Frahm, Ethel Leinen, Richard Mincey, Rose Ann Muhlauer, Phyllis Musfeldt, Shirley Ohrt, Marilyn Popp, **Marjorie Rowedder**, Beverly Ruhde, Sally Schrum, Ardella Singsank, Dean Stribe. Two juniors, Sue Ann Clark and Jeanette Willenborg, were not present.

The initiation was an impressive candle light ceremony. Seven senior members, Delores Hammer, Leo Rostermundt, Mary Ann Kasperbauer, Roy Schrum, Rose Ann Rix, Jerry Knaack, and Iva Mohr, explained the seven characteristic traits of diligent Quill and Scroll workers, and a candle was lit for each trait. The juniors formed a semicircle and each lit his candle from the seven candles which were held together by the seniors to give one large flame. The juniors then repeated after Melvin Clothier, the pledge which was followed by the presentation of the membership cards and pins.

Immediately after this ceremony, the juniors acted out popular songs and impersonated well known persons while the seniors guessed what song or person was being enacted. Richard Mincey won an enormous sack of popcorn for giving the most humorous impersonation. He was Judy Canova.

Some games were also played. Everyone was given a chance given a chance to show his skill in passing a ring from one to another with a tooth pick. Several participants were jabbed with the toothpicks, but that didn't stop them.

The chairs in the band room were then cleared to the side and a dance followed. Leo Rostermundt, who was warming the buns for lunch, was trying to divide his time between the buns and **dancing with Marjorie Rowedder**. Incidentally, Leo was quite disappointed to find that the buns required the most attention.

After dancing for a while, lunch was served. Hot dogs, sandwiches, and cocoa were followed by ice cream and cookies. Phyllis Musfeldt must have worked up quite an appetite dancing!! Anyway, those who had a hot dog left over, all seemed to find a certain junior girl willing to take it.

The seniors were relieved of washing the dishes for the juniors were being initiated. Everyone had an enjoyable evening.

#### MEET A SENIOR

Say "How-de-do" to an active jumping bean, Lois Wilhelm. Lois has taken part in various activities during her high school days. She is taking a commercial course with typing as her favorite subject. She has participated in glee club, mixed-chorus, sextet, madrigal, solo, and has been in the operettas. She is a member of the band and was a flag swinger this year.

Lois was in student council in her tenth and twelfth years, a class officer in ninth and eleventh, was in the freshman, junior and senior class plays, is a member of Quill and Scroll, and has been in pep squad and a cheer leader this year.

Lois was the homecoming queen last fall, and assistant editor of the Spotlight this year. Lois plans to take up nurse's training after graduation. Good luck!

#### MEET A SENIOR

Meet Hugo Ress who is 5'10" and has blue eyes and brown hair. He participated in football, his favorite sport, for three years, and won his letter in 1948.

Speech is his favorite subject, and hunting and fishing are his favorite pastimes. He was a member of the F.F.A. chapter during his freshman and sophomore years. Hugo works in the Hi-Way garage after school, and he plans to continue working as a mechanic after graduation. Try hard to make a real good one, Hugo!

Date: 1960

Dear Editor:

Ah! Good old Texas. Here I met quite a few old pals. Richard Schrum was the first. He owns a large ranch and lots of cattle. He hasn't married yet because he just can't seem to learn how to play a guitar. He told me, though, that he may hire Robert Genzen to serenade for him, as he won an award the other day for the best player. His sweetie, Betty Lou Popp, objected to the prize. It was 10 beautiful girls, from which he could make his choice of any two.

Vernon Godiksen is now mayor of Godiksen's Gutter, a growing town in Texas. It was established by Vernon, Donald Puck, Roy Schrum, and Irwin Grau. They all swore off women and moved there to be alone. However, Mary Jane Grage moved in with red silk stockings and green perfume and has them all going in circles.

We have several movie and television actors in Texas. LaVonne Hargens and Dick Mincey have become very popular as a comic team. Dicky is the cowboy, but Gabby always has to play the part of the horse. Dorothy Lake and Don Horbach have also teamed up and are now playing in "Corral Girl." Robert Richards and Donald Wegner always play the rough parts, but always seem to be tamed by Lois Fisher and Myra Schroeder. They went to Mexico to study bull-fighting, and now they can handle anything.

Bud Wagner is the Editor-in-chief of the weekly newspaper in Wagnerville. As yet it's not going very well, as he only makes 10 issues. One is for the former Phyllis

Musfeldt and the other nine for the rest of the family. Bud added he was going to try to raise the number (of Issues each week.).

That about takes care of all the alumni in Texas, so: so-long until I reach San Francisco.

As ever, Iva Mohr, 1948-49 Editor.

SKIP THIS!!

I say, didn't you notice the heading? Didn't you see that you were to skip this.

Then why on earth do you go on.

I assure you you'll get nothing out of this. So go to the next article. If you haven't stopped, you're only wasting your time. This is the moment to show that you've got enough character to, stop.

Didn't you understand? STOP!!

Now we are halfway through, and you're still going on. You can't help reading the next line.

Or can you?

No, indeed: I was right.

What on earth are you getting out of it? Nothing. But you're acting as if you're bewitched.

There are only a few lines left, so show that you do have some will power and stop!

But you're probably still curious enough to keep right on wasting time by reading these very last words. Aren't you?

Once In an English class the teacher assigned a composition to be written and it had to contain 250 words. The next morning one little boy was asked to read his. This is what he had written: "My uncle was driving his new car one day and he had a puncture... The other 236 words are not fit for publication.

Merlin Nulle: "Let's cut English today."

Gene Dales: "Can't, I need the sleep."

Miss Perkins: "See here, you entered this credit on the debit side.

Lynn Rix: "I'm very sorry, but I'm left-handed!"

Has anyone noticed how bright and happy Janet Bonnesen has been lately?

Could Sonny Asmus have anything to do with It, Janet?

Harlan certainly has nice choosing, doesn't It, Marilyn Popp. Bob Johnson can invite his cousin Bill up more often, can't he??

The butcher was busy waiting on a customer when a woman rushed in and said, "Give me a pound of cat food, please. Quick." Turning to the other customer she said, "I hope you don't mind my getting waited on before you."

"Not at all," the customer replied. "Not if you're that hungry."

Good Sam never hurt anybody. He was sweet, gentle and obedient to his wife.

He was such a good guy that it seemed strange such a terrible thing was about to happen to him.. He asked his wife about it. "Dear, how long is your mother going to stay with us?"

"Just as long as you want her to, honey," his wife replied.

"Oh, just passing through, eh?"

A little girl ran into the grocery store and yelled to the clerk,

"Mommie found a fly in the raisin bread."

The clerk drawled back, "Well, bring me in the fly and I'll give you a raisin."

He rounded a bend at close to forty. A sudden Skid and the car overturned. They found themselves sitting together, unhurt, alongside the completely smashed ear. He put his arm around her, but she drew away.

"It's all very nice," she 'sighed, "but wouldn't It have been easier to run out of gas?"

School was out and little Julius came bursting into the kitchen looking pretty disheveled and crying bitterly. "The kids beat me up, Ma; they said I have a big head." "Now, Julius, just don't believe them. It's not true that you have a big head." So, partly convinced, Julius returned to school that next day. That afternoon the scene was repeated, and again his mother repeated her words of consolation, "But now, Julius, I would like you to go down to the store and get me 10 pounds of potatoes," she continued. "O. K., Ma, gimme a bag to carry them in," replied Julius. "A bag, what do you need a bag for," asked his mother. "Carry them in your cap!!"

## BEST WISHES SENT

The senior class, under the sponsorship of Miss Myra Hamann, has presented Gaillard Frank with a Schaeffer Eversharp. Gaillard was stricken with rheumatic fever a few weeks ago and will be unable to return to school this semester. Everyone hopes, however, that he will be able to attend the graduation exercises. The senior class sends this little gift with best wishes from the whole high school.

## COMING UP

Tuesday Career day at Carroll for seniors.

Any night play practice.

Skip Day All the seniors wonder!

## CAREER DAY

ON Tuesday, all the Manning seniors will go to Carroll for an annual event, Career Day. It is sponsored by the Carroll high school and the Carroll Rotary club to assist Carroll county students to select a career. It takes in, either directly or indirectly, nearly every field or profession. There will be speakers from various colleges and universities throughout the state. Thanks for the invitation, Carroll, we'll all be there.

## MEET A SENIOR

Here's Beverly Ochsner, known as "Bev" to her friends. She is taking a commercial course and her favorite subject is history. Bev is a small girl and has brown hair and blue eyes. Basketball, football, and skating are her favorite sports. In first grade she attended the school at Hastings, Nebraska, and then for the next three years she attended school at Fremont, Nebraska. Beverly has been a member of mixed chorus and glee club during her high school years and was a member of A cappella in her junior year. She took part in the class play in ninth grade and a baton twirler that same year. Bev is also a member of the pep squad. Her plans for the future are to work in an office.

DATE: 1960

Dear Editor:

Here I am in Miami, and it's quite a place. Of course, when I arrived, a bathing beauty contest was being held. There has certainly been a change in bathing suits - Wava Lacey's even shocked Paris! By the way, Wava was the winner, Jerry Knaack was the judge. No personal feelings, however!

For lunch I had Florida Fludder. The name sounded o.k., but I must say I was disappointed. After eating it, I asked the waitress what it was, and she replied that it had been a mixture of sea weed, lobsters, turtle eggs, and ocean water. That would have been the death of her if I had not just recognized her. It was LaRae Weems. The kids used to tease her about "slinging hash", but I can assure you it was never hash like this.

A new road show had just opened not far from here, and I thought I recognized some of the names, so I investigated. Mark my word, Phyllis Jensen is far better throwing jugs around than playing a flute. She is now a famed juggler (Bob Johnson really gets thrown around now!) Lois Wilhelm, the Daring Darling, is a lion trainer. She has little to fear, however, because Dan Peters is always on hand if trouble arises. Mary Ann Rothfolk simply adds a laugh to the show, and Melvin Clothier is a janitor. This group also features world-famed women wrestlers, Knock-em and Sock-em. They were formerly Fern Weller and Joanne Lamp. We knew that Phi Ed would be good for something, kids.

In a college near by, Louis Bohnsack is acting as basketball coach. He says he enjoys his work very much, and because his team needs much practice, he works both night and day. By the way, he's coaching a girls' team! Donna Neubaum takes a little extra night-work, she's trying so hard to make first team!

That's all the old timers around here, but will write again next week from good old Texas.

As ever, Iva Mohr, 1948-49 Editor.

#### MEET A SENIOR

Meet Don Mohr, another "1949er." Don, better known as "Tom-cat" (I wonder why?) has black hair and green eyes. He is taking a general course, and his favorite subjects are science and agriculture. Heading his list of sports is football and basketball. Don is one that likes the out-of-doors life, small wonder that hunting and fishing is his hobby. Dan has been a member of F.F.A. all during his high school years. He participated in basketball for three years and football two years, and wants to have a year of baseball before his high school days are over. His plans after graduation are to join the navy.

#### DECLAM ENDS

Rose Ann Rix has set a very fine record in declamatory this year. She received first ratings in the home contest, the preliminary at Carroll, and the pre-district at Ida Grove. This is the contest in which Sally Schrum was eliminated. Rose Ann then went to the district contest at Estherville Saturday, but was given the second rating. Congratulations, Rosie! Good work!

#### THE VACUUM CLEANER

#### WE PICK UP ALL THE DIRT

Taken from the show Sunday night, are you a "Schnookle?"

This school seems to be very dead, at least no spring romances have yet shown up. Leo Rostermundt Just "Can't make up his mind, that's all. One night it's Ardella Frahm and the next Margie Rowedder. At least, It's good picking!

Mr. McGrath certainly picked out a nice play cast, didn't he? More fun!

There should be a penmanship class in high school. Miss Myra Hamann says she used to write small, but now she only scribbles. There would be at least one student!

It's a lot of fun watching the girl's tumbling class, isn't it boys. Just one word of advice, don't let the teachers catch you!

How's Beverly and her 'Kenny" getting along? Haven't heard many reports lately. Or has spring brought new romances? John Pratt has been seen with Joann Wilhelm. How about that?

One cow talking to another said, "They homogenize it; they pasteurize It; they can it; I say, "Let's let them make it!"

Miss Stryzewski must have been over anxious for spring. We noticed that she was sporting a bad case of sunburn!!!

Who was Glidden looking for at the skating rink Sunday night, Lois Wilhelm???

Danny, you had better arrange to go skating more often!

#### Mystery of the Week:

Why do Marilyn Popp and Bob Johnson call each other "mouse meat?"

Mary Lou Petersen was disappointed because the weather wasn't up to par Saturday night. Could it be because the muddy roads prevented a red convertible from getting to town???

Joann Wilhelm will be an experienced driver some day - especially when it comes to plowing mud roads late at night!!!

March 17, 1949

#### MUSIC CONTEST HELD

Saturday morning found many Manning high students en route to Audubon for the music contest. The bus left about 6:30 in the morning and the downward trip was enjoyed by all. The bus arrived at Audubon about 7:30. Jerry Knaack and Don Middendorf had to play their numbers soon after arriving. Others just had a little fun.

Who's fault is it if the madrigal didn't rate? It seems Miss Stryzewski was so excited she gave the group the wrong pitch. Oh, well, maybe the judges weren't listening right then - let's hope.

The, homeward journey was completed about 7, when a lot of tired students climbed off the bus. The criticisms have not yet arrived, but we hope to have many good ratings.

QUESTION OF THE WEEK:

Do boys or girls take more time getting ready for a date?

Rosemary Hinz: I think girls do. Boys sometimes have a tendency to look sloppy, and that takes no time at all. Manning boys, that is!

Richard Mincey: I wouldn't know! Interview someone else.

Stanley Frahm: Girls do, at least they're never ready! (How does he know?)

Virgene Grimm: Boys do. They always have to have one last loving look at their butch haircuts!

Margie Rowedder: Boys. I think.

We never know when THEY start!

Lynn Rix: I don't know. I'm always met at the door!

THE VACUUM CLEANER

WE PICK UP ALLTHE DIRT

Louis Bohnsack, looking around a department store, squeezed one doll and it hollered "Mama!" He squeezed another and she yelled "Floorwalker!"

There's nothing strange in that the modern girl is a live wire. She carries practically no insulation.

Buzz-Buzz

Dean Stribe: "Do you think it's unlucky to postpone a wedding?"

Herbie Dammann: Not if you keep doing it!!"

Ha! Ha!

The mule had just balked in the road when the doctor came by. Merlin Nulle asked the physician for something to start the mule. The doctor reached down into his medicine case, and gave the animal some powders. The mule switched his tail, tossed his head and started on a mad gallop down the road. Merlin looked at the flying animal: "How much did that medicine cost, Doc?" he asked. "Oh, about fifteen cents," replied the physician. "Well, give me a quarter's worth, quick! I've got to catch that mule!"

Donna Rae Strathman was vacationing on the Kienast farm. One evening as she and LeRoy were strolling across a pasture they saw a cow and a calf rubbing noses in the accepted bovine fashion. "Ah," said LeRoy, that sight makes me want to do the same." "Well, go ahead," said Donna, "It's your cow."

Mr. Joe McGrath: Boyoboy, did I catch a fish! It was tremendous. Why, it was t-h-a-t long. I never saw such a fish!"

Mrs. McGrath: "I believe you."

MANNING FALLS IN SUB-STATE

Manning fell to Forest City Wednesday night in a battle in the armory at Ames. Manning started out very hot, having a 7-1 lead, but Forest City gradually slipped in front them, until the end when the score stood 47-37. This ends this season of basketball, but everyone looks forward to another successful season next year.

COMING UP

Tuesday Methodist Father-Son banquet.

Any open night, Play practice.

To the Editor of the Spot-lite:

Dear Editor:

I was greatly surprised the other day to find I was chosen to take a tour of the United States. My first stop was here in New York City. Since I knew many of the

graduates of '49, '50, and '51 had come here, I looked for them. I thought you may be interested in knowing the whereabouts of all of them, so I will write you from each city and tell of the old-timers I find.

Soon after arriving, I found Sonny Asmus and Marlene Lohmeier on a busy street corner with a long pipe-like affair. As I walked closer, I read the sign "See the Stars-10c". At least Sonny succeeded, he always wanted to be an astronomer. My first meal was eaten in a Chinese cafe. Upon investigation, I found the owners to be Charles and Gene Kruse. "De haff leerned to tawk Chinee," and do a very good job of it. Janet Bonnesen reads tea leaves and tells fortunes - where she gets the dizzy fortunes is beyond anyone.

A new dancing school has been opened by Charles Frank and Mary Ann Kasperbauer. They are trying to revolutionize dancing, specializing mainly on a "Pump-handle Jump" and the "1 up-1 back Jive." They have one steady student, Gaillard Frank. He added he's not interested in dancing, but that the steps help him with his farm work. In fact, it helps him so much he flies to New York every Monday especially for the lesson.

A new publication has just been put on the market. It is called the "Run 'Em Down", and is edited by Ardella Singsank and Jeanette Willenborg. All deliverers are bachelors over 26.

I took in many of the shows, but the one I enjoyed most was "Love or Death" starring Marilyn Popp and Orrin Kuhn. Incidentally, Marilyn was a murderess! That's all I met in New York, but will write more from Washington, D. C., my next stop.

As ever, Iva Mohr, 1948-49 Editor

#### MEET A SENIOR

Meet another "light-headed" senior of Manning high. Don't get us wrong, Lyle Hansen, we only mean your blond hair. Lyle, known as "Hans," is 5 ft. 10 in, and has blue eyes. He is taking an agricultural course, so naturally his favorite subject is agriculture. His favorite sports are basketball and baseball. He played the position as guard on first team this year in basketball. Hunting is listed as his hobby. (Hunting what, Lyle???)

He has been a member of band and pep squad during his high school years.

This year he is the president of the F.F.A. and played on the FFA basketball team in ninth grade. In eleventh grade he was a member of the baseball team.

His plans for the future after graduation are to help his father on the farm.

#### VISION PROGRAM COMPLETED

Mrs. Darling, the school nurse, has completed a "weighty" problem by weighing and giving a vision test to students. She has now handed out small cards with the normal and the individual weights. Girls, if you want to keep that secret, you had better hide those cards!

#### MEET A SENIOR

Meet another member of the senior "clan." This one is blue-eyed Lyle Jahn.

Though he may look sad in the picture, he is a very happy-go-lucky kid. He, too, is taking an agricultural course, and his favorite subjects are farm shop and biology. Football and basketball rate at the top of his list as favorite sports.

In his sophomore year he was in the band. He was a member of the pep squad organization during his junior and senior years. Throughout his entire high school he has been a member of the FFA and was elected as secretary in his senior year. He played on the FFA basketball team the last two years in high school. His plans for the future, as any other farm boy, are to work on his dad's farm.

DECLAM STUDENTS SPEAK

Two local declam contestants gave their declam pieces at the Progressive Women's club Monday night at 8. They were Carole Jean Peterson who gave "Rebecca" and Sally Schrum who gave "Three Ways to Kingdom Come!"

COMING UP Ah! Ah! Spring, when boys finally think what girls have all winter! Tonight F.F.A. meeting.

We hope to have more tournaments to attend and cheer! cheer! cheer!

TEAMS WELCOMED BY STUDENTS

Manning high school students who were hosts and hostesses last week welcomed the visiting teams and their cheerleaders to the district basketball tournament.

On Tuesday evening, Virgene Grimm and Beverly Ruhde welcomed the cheerleaders from Earling, Bayard, Charter Oak and Moorhead. The team members were welcomed and shown to their dressing rooms by Vernon Asmus, Robert Tank, and Leonard Ramsey.

The players from Mapleton and Carroll found their way around Wednesday evening with the help of Dean Vollstedt and Leonard Ramsey. The Manning cheerleaders, Lois Wilhelm, Mary Ann Rothfolk, LaVonne Hargens and Joann Wilhelm, welcomed Mapleton and Carroll's cheerleaders by introducing themselves and visiting a few minutes.

On Thursday evening Lyle Fuss was host to the basketball players from Lake City.

Dean Vollstedt escorted the players from Moorhead and Charter Oak to their rooms on Friday evening, and the cheerleaders were shown around by Marilyn Popp and Ardella Frahm.

Robert Tank was host to the Carroll boys Saturday evening, and the Carroll cheerleaders were welcomed by Manning's yell leaders.

On each of the five tournament nights, a section in the gym was marked off for the fans of each team with crepe paper of their school's colors.

The students enjoyed their opportunity to welcome the visiting teams, and many friends were gained.

#### DISTRICT MEET TAKEN BY BULLDOGS

The Manning Bulldogs defeated Lake City and Carroll in the district meet on the Manning floor to win a place in the sub-state at Ames.

Manning defeated Lake City in the opener 49-33 in a hard fought battle. Dan Peters and LeRoy Kienast had 15 and 13 points respectively to lead the Manning team while Chapman had 10 points for Lake City.

Manning then defeated Carroll 37-24 in the finals after Carroll won the first game from Mapleton 50-42. This game was rough and hard fought all the way with the Bulldogs leading at the quarters as follows: 13-6, 19-15, and 29-18. Two Manning players and three Carroll players fouled out. Kienast had 12 points and Bohnsack had 11 for Manning. Wilt was high for Carroll with 10.

#### QUESTION OF THE WEEK

The question of this week is the same as it was last. How far will Manning get in the tournaments? If everyone keeps fighting and cheering, we're sure to get to the top of our ladder. Fight! Fight! Fight!

#### JUNIORS TOP HONOR LIST

The Juniors have topped the honor roll list this six weeks.

Those receiving honor grades were Sue Ann Clark, Ardella Frahm\*, Marlyn Gruhn, Ethel Leinen, Rose Ann Muhlbauer, Shirley Ohrt\*, Beverly Ruhde, Sally Schrum, and Ardella Singsank.

The seniors were second on the list. Seniors receiving honor grades were Delores Hammer, Mary Ann Kasperbauer, Iva Jean Mohr, Lois Wilhelm and Melvin Clothier.

One girl, Phyllis Jensen\*, and one boy, Gene Kruse, represent the sophomore class.

\* Straight A's.

#### MEET A SENIOR.

Meet our blonde blue-eyed Iva Jean Mohr who has advanced from being a junior-editor last year to the position of editor-in-chief of the Spotlight this year. Iva is taking a commercial course and shorthand and history are her favorite subjects. A member of Quill and Scroll, student council, and pep squad, Iva is quite active in school activities. She served as school librarian in tenth grade and was vice-president of her class last year. She would like an office job after graduation. Iva was one of the waitresses at the banquet in her sophomore year and was a homecoming attendant last fall.

## THE VACUUM CLEANER - WE PICK UP ALL THE DIRT

Leo Rostermundt, you had better keep that third eye on Margie Rowedder.

1949

Hey, you B. B. boys, we have to get to state. Maybe Louie and LeRoy will play harder if they remember all the nice things about Iowa City. (By the way, we don't mean the scenery!!)

Gerald Grundmeier: "Awe, you're afraid to fight."

Herby Dammann: "Naw, but if I fight, my mom'll find out and spank me."

Gerald: "How'll she find out?" Herby: "She'll see the doctor going into your house."

We usually have gags on the students, but here's one on Hiss Hamann. Lois Wilhelm came to the door during history class and asked for Lyle Hansen. Miss Hamann replied, "You can't have him, I want him for myself!"

### MEET A SENIOR

Say hello to brown-eyed Gerald Grundmeier who, around school, is considered quite well-experienced for an amateur in his hobby of photography. Gerald is a member of Quill and Scroll. He is taking a general course and says that speech is his favorite subject. He was a member of mixed chorus for three years, sang in the boys quartet in tenth grade, was a member of madrigal for two years, and was a soloist at contest during his sophomore and junior years. Gerald plans to join the navy after graduation.

Mrs. Asmus: "Are you the young man who jumped in the river and saved my Sonny from drowning when he fell through the ice?"

Louie Bohnsack: "Yes, ma'am."

Mrs. Asmus: "Well, where are his mittens?"

Miss Weingartner: "Vernon, how old would a person be born in 1894?"

Vernon Godiksen: "Man or woman?"

Gerald Grundmeier certainly makes good use of his typing labs. Writing letters to "Marion" must sure be fun! Gerald says all the guys are settling down and going steady. Question: Are the girls?

Georgie Doyel's convertible has its attractions, hasn't it, Mary Lou Petersen?

Teacher (pointing to a deer in a picture): "Now, Geney, tell me what that animal is."

Geney: "I don't know, teacher."

Teacher: "What does your mother call your father?"

Geney: "Gee, is a beetle that big?"

Through the mail not too long ago the seniors got booklets to have their classmates sign and give their ambition. #### HOW NICKNAMES ORIGINATE

Nicknames originate from many different things and are very common among high school pupils. It is usually given to a person by their friends and most of the time it is shorter than their original name.

Some people were given titles by their parents or playmates when they were little and just kept it as they grew up. We have several examples of this in our high school. They are Vernon "Sonny" Asmus, Mary Ann "Bubbie" Rothfolk, and Delores "Dolly" Dammann.

Nicknames sometimes are a derivative of their name. Some representatives of this type would be: William, "Bill" Opperman, Mary Ann "Kasey" Kasperbauer, Marjorie "Marge" Rowedder, and Rose Mary "Rosie" Hinz.

Others are the ridiculous type which are gained by a person's appearance or personality. Our high school has many examples of this. A few of them are: Don "Tomcat" Mohr, LaVonne "Gabby" Hargens, Beverly "Dopey" Ruhde, and Robert "Wimp" Genzen.

Nicknames are obtained from many other different sources, but the types illustrated are the most common in Manning.

#### CARROLL PEP MEETING

Last Tuesday a pep meeting was held in the assembly before the Manning-Carroll game. As customary, a team member gives a short talk, so this time Danny Peters was asked. He spoke and stated that he would eliminate jokes because he thought that Mr. Joe McGrath, who had talked prior to him, had filled that part very well. It must have been quite a "breeze" while Mr. McGrath was talking from the way the paper shook that had his speech written on.

Starting the meeting and between speeches the pep band played several marches and popular tunes. And what's a pep meeting without yells? It doesn't amount to much! So the cheer leaders led some cheers and also, introduced some new ones. The singing of the loyalty climaxed another pep meeting.

Last week, donations were taken in all public, private and parochial schools throughout the state toward helping the "Abraham Lincoln Friendship Train."

Purpose of the train is to send food to the starving people of Europe.

Carroll county schools donated an outstanding amount and headquarters in Des Moines asked for a student of the county to speak on WHO Cornbelt Farm Hour program at 12:00 Noon Saturday. Stanley Nissen, student council president, and Paul Johnson, vocational agriculture instructor, made the trip and took part in a short interview on the program. After the broadcast, Herb Plambeck, WHO farm director, took the group to dinner at the Fort Des Moines hotel.

Home Economic Girls Complete Cooking

The ninth grade homemaking girls have completed their course on cooking. They will now begin sewing on skirts and blouses. When they are finished, they will have a fashion show for their mothers.

Royce Rowedder couldn't have named very many of the advent ages of electricity the other night. It seems that a certain electric light can turn on much too fast and he doesn't like where it's situated either. For any further information, you'll have to see Royce.

## MEET COREEN NICKUM

## TIDBITS

In fourth period government the other day, when Miss Myra Hamann asked what the state had done to prevent so many divorces Wayne Alwill spoke up and said, "they've raised the fee on marriage licenses."

During a world history class Miss Hamann had talked about Wiley Post and asked if anyone knew who his wife was. Nobody volunteered, so finally she told them it was Emily Post, and went on to explain that she had written a very famous book which everyone should read and refer to constantly. She asked what the title of this very excellent publication was, so Sue Ann Clark stood up and said Esquire! Everyone to his own opinion, Sue Ann.

Then there was the time when Royce Rowedder thought the shade needed to be pulled down and I guess he doesn't have a love for flowers, anyway it slipped and nearly fell to the floor. What luck!

Did anyone hear about the time in government when Ruth Behrens got up to recite and then burst out laughing and had to sit down? Well, put the blame on (not Mame) but Bob Koch.

Everyone in the sixth period government class puts in his vote for more reports by Virginia Felt. They are very educational?

Jim Farrell, we know parking space is at a minimum on Sunday nights, but if you keep on parking in front of theaters you're going to have quite a collection of those little "bills" that the Harlan police department hands out.

Has anyone got a way to Guthrie Center Friday night?

## JUNIOR HIGH GOSSIP

Advise to all high school boys. Those who have been making telephone calls to the girls in Junior high had better watch out, or they'll get in trouble with the Junior high teachers.

There's a girl who sits on the north side of the assembly that Allen Jensen seems to be somewhat interested in. Could it be Mardel Bonnesen?

And in case you hadn't heard. Miss Myra Hammann, as of now, is allergic to sparrows, especially when they're in the ventilator in her room.
